STATE 
MEDICAL
BOARDS

Summary of 2008 Board Actions

Federation of State Medical Boards Summary of 2008 Board Actions

Each year, the Federation of State Medical Boards publishes the *Summary of Board Actions*, a compilation of disciplinary actions initiated by its 70 member medical boards. In addition to providing disciplinary data, the report includes information about the context in which each board operates, including standards of proof required when prosecuting cases and the health care professions regulated by each board.

This year's report includes disciplinary data for each board from 2004-08. During 2008, state medical boards took 5,379 actions against physicians, an increase of 60 actions over 2007. To view annual *Summary of Board Actions* reports since 1990, please go to "Physician Data Center" at www.fsmb.org.

Because states operate with different financial resources, levels of autonomy, legal constraints and staffing levels, the FSMB discourages using data from this report to compare or rank states. The *Summary of Board Actions* is most useful in tracking trends in physician discipline within each state over time. To assist in tracking disciplinary trends, the report includes the Composite Action Index. Designed by the FSMB, the CAI is a weighted average of disciplinary actions taken against physicians practicing in a state, as well as all physicians licensed by that state. Actions affecting physicians' licenses, such as revocations and suspensions, are weighted more heavily in a state's CAI. (For more detailed information on how the CAI is calculated, please see the Definitions section below.)

The CAI is a barometer that can signal significant changes in a medical board's disciplinary activity level. Changes in a board's funding, staffing levels, changes in state law and many other factors can impact the number of actions taken by a board. Please note the validity of the CAI is limited in states that have total in-state physician licensee populations of less than 1,000.

Summary of Board Actions Report Definitions

Loss of License or Licensed Privilege: Includes revocation, suspension, surrender or mandatory retirement of license, or loss of privileges afforded by that license.

Restriction of License or Licensed Privilege: Includes probation, limitation, or restriction of license, or licensed privileges.

Other Prejudicial Actions: Modification of a physician's license, or the privileges granted by that license, that results in a penalty or reprimand, etc., to the physician.

Non-Prejudicial Actions: An action that does not result in modification or termination of a license or licensed privileges. This action is frequently administrative in nature, such as a reinstatement following disciplinary action.

Number of Physicians with Prejudicial Actions: This number refers to the total number of individual physicians against whom prejudicial actions have been taken within a jurisdiction. Because an individual physician may have two or more prejudicial actions, this number is usually less than the total number of prejudicial actions taken within a jurisdiction. Since some physicians hold licenses in more than one state, a total would not be an accurate reflection of the total number of physicians with prejudicial actions in the country because many physicians may have received prejudicial actions in all of the states where they hold a license.

Number of Physicians with Non-Prejudicial Actions: This number refers to the total number of individual physicians against whom non-prejudicial actions have been taken within a jurisdiction. Because an individual physician may have two or more non-prejudicial actions, this number is usually less than the total number of non-prejudicial actions taken within a jurisdiction. Since some physicians hold licenses in more than one state, a total would not be an accurate reflection of the total number of physicians with non-prejudicial actions in the country because many physicians may have received non-prejudicial actions in all of the states where they hold a license.

Total Number of Physicians with Actions: This number refers to the total number of individual physicians against whom any type of actions have been taken within a jurisdiction. This number is not always equal to the sum of physicians with prejudicial and physicians with non-prejudicial actions, because an individual physician receiving both prejudicial and a non-prejudicial actions in a jurisdiction is not counted twice. Since some physicians hold licenses in more than one state, a total would not be an accurate reflection of the total number of physicians with actions in the country because many physicians may have received actions in all of the states where they hold a license.

Total Number of Licensed Physicians: Refers to the total number of physicians who have been licensed to practice within a specific jurisdiction. Because not all physicians who are licensed to practice within a jurisdiction actually practice within that jurisdiction, this number is usually greater than the Number of Physicians Practicing In-State. Since some physicians hold licenses in more than one state, a total would not be an accurate reflection of the total number of licensed physicians in the country because many physicians would be counted more than once.

Total Number of Licensed Physicians Practicing In-State: Refers to the total number of physicians who are actually practicing within a specific jurisdiction. Because not all physicians who are licensed to practice within a jurisdiction actually practice within that jurisdiction, this number is usually less than the Total Number of Licensed Physicians.

Composite Action Index: The Composite Action Index (CAI) assists state medical boards in monitoring their disciplinary activity over time. It is not designed to be used in comparing boards to one another. The CAI is a weighted average of disciplinary action taken against physicians practicing in a state, as well as all physicians licensed by a state. Actions affecting physicians' licenses, such as revocations and suspensions, are weighted

more heavily in computing a state's CAI.

How the CAI is computed:

1. A board's total number of actions is divided by the total number of licensed physicians in a state.
2. A board's total number of actions is divided by the total number of physicians practicing in state.
3. A board's total number of prejudicial actions is divided by the total number of physicians licensed by the state, whether they practice in the state or not.
4. A board's total number of prejudicial actions is divided by the total number of physicians practicing in the state.

A state medical board's CAI is determined by the average of lines one through four. Lines three and four are weighted more heavily to reflect the more serious nature of prejudicial actions.

Professions Regulated by a Board:

AT-athletic trainer; ACU-acupuncturist; ANA-anesthetist assistant; AUD-audiologist; BLD-biological lab director; CP-clinical perfusionist; CT-cosmetic therapist; CHI-chiropractor; CIS-cardiovascular invasive specialist; CPM-certified professional midwife; CPP-clinical pharmacist practitioners; DO-osteopathic physician; DEH-dental hygienist; DEI-dietician; ELE-electrologist; EMT-emergency medical technician; GC-Genetic counselors; HAD-hearing aid dispenser; HYP-hypnotherapist; ICU-mobile intensive care unit; LO-licensed orthotist; LP-licensed perfusionist; LPR-licensed prosthetist; LPED-licensed pedorthist; MA-medical assistant; MD-allopathic physician; MDX-MD X-ray operator; MP-medical physicist; MR-medical resident; MT-massage therapist; MW-midwife; NA-nurse anesthetist; NAT-naturopath; ND-nutritionist; NM-nurse midwife; NP-nurse practitioner; OT-occupational therapist; OP-optometrist; OTA-occupational therapist assistant; ORT-orthotist; PA-physician assistant; PER-perfusionist; PT-physical therapist; PTA-physical therapist assistant; POD-podiatrist; POL-polysomnograph personnel; POM-Practitioner Oriental Medicine; PRO-prosthetist; RA-radiology assistant; RE- registered electrologist; RN-registered nurse; RAT-radiological technologist; RCP-respiratory care practitioner; RET-respiratory therapist; RIT-resident in training; RTL-radiological technologists limited; RPA-radiology practitioner assistant; RRT-radiological technician; SA-surgical assistant; SL-speech language pathologist; SLA-speech language pathologist assistant; SPA-Specialist Assistant
