

## **SUBMISSION OF RESOLUTIONS 2021-2022**

Member Medical Boards wishing to submit resolutions for consideration at the FSMB's April 30, 2022 House of Delegates annual business meeting are requested to forward all proposed resolutions to the FSMB.

### **Resolution Deadline**

Member Medical Boards wishing to submit a resolution(s) for consideration by the 2022 House of Delegates must do so no later than **February 23, 2022**.

### **Drafting of Resolutions**

When drafting resolutions for submission, please give close attention to the following:

- As stated in the FSMB Bylaws, "...the right to introduce resolutions is restricted to Member Medical Boards and the Board of Directors and the procedure for submission of such resolutions shall be in accordance with FSMB Policy."
- The title of the resolution should appropriately and concisely reflect the action for which it calls.
- The date on which the resolution was approved by the Member Medical Board should appear beneath the title.
- Information contained in the resolution should be checked for accuracy.
- The "resolved" portions should stand alone, since the House adopts only the "resolved" portions and the "whereas" portions are not subject to adoption.

**A sample resolution is can be found on page 2.**

### **Resolution Submission**

Resolutions will need to be submitted **electronically** to Ms. Pat McCarty, Director of Leadership Services at **[pmccarty@fsmb.org](mailto:pmccarty@fsmb.org)**. **If submitting more than one resolution, please do so in one email.**

**A confirmation acknowledging receipt of the document(s) will be sent within two business days. If you do not receive a confirmation, or for questions, please contact Ms. McCarty by email or at 817-868-4067.**

### **Some Useful Information**

Included for your review is information regarding the FSMB's Policy Development Process (pages 3-5) followed by the FSMB's Public Policy Compendium that lists the policies adopted by the House of Delegates in previous years.

Federation of State Medical Boards  
House of Delegates Meeting  
April 27, 2019

Subject: Emergency Licensure Following a Natural Disaster

Introduced by: North Carolina Medical Board

Approved: January 2019

---

*Whereas,* hurricanes and other natural disasters can cause mass injuries that are beyond a state’s ability to manage with currently licensed physicians; and

*Whereas,* in those situations, state medical and osteopathic boards (“boards”) must be able to quickly process emergency license applications in a way that does not compromise public safety; and

*Whereas,* FSMB Policy 240.4 “License Portability During a Public Health Emergency” (April 2006) states “. . . the FSMB [will] study issues relative to license portability during an emergency including, but not limited to, joining with other organizations or entities to determine the best manner to provide necessary medical care and maintain licensure autonomy for the individual states”; and

*Whereas,* FSMB Policy 240.6 “Disaster Preparedness and Licensing” (April 2002) states “The FSMB will cooperate with federal and state legislators, agencies, and organizations in facilitating the movement of properly licensed physicians among FSMB member licensing jurisdictions in support of necessary emergency medical response”; and

*Whereas,* although good policies, they did not result in model emergency licensure laws and rules; and

*Whereas,* many boards, particularly those in hurricane-prone states, would benefit from model emergency licensure laws and rules;

Therefore, be it hereby

*Resolved,* that the Federation of State Medical Boards convene a workgroup to develop model emergency licensure laws and rules and submit its recommendations to the House of Delegates at the 2020 FSMB Annual Meeting.

# House of Delegates Policy Development Process

## Federation of State Medical Boards

### Reference Committees

**Purpose and Membership:** One or more Reference Committee hearings are scheduled prior to the House of Delegates (HOD) annual business meeting. The hearings provide an opportunity for discussion and airing of views on items that have been referred to the HOD for consideration. Hearings are open to all FSMB Fellows, other designated FSMB members, guests and interested registered Annual Meeting attendees in order to make statements on the items prior to consideration by the voting HOD. The use of Reference Committee hearings allows for a more detailed and thorough discussion of items of business to come before the HOD, thereby facilitating the progress of the HOD business meeting.

An agenda for the items to be heard by each Committee is distributed with the Annual Meeting materials and posted on the FSMB website. Agenda items can include resolutions, Board reports, Bylaws amendments or other proposals that require a vote by the HOD. Reference Committees are not empowered to take any action on the items of business. Their role is to make recommendations to the HOD. *Only those items acted upon by the HOD are considered official.*

Members of the Reference Committees are appointed by the Chair of the FSMB Board of Directors and are representative of the diversity of the membership (i.e. MD, DO, public member, Staff Fellow). The chairs of the Reference Committees introduce each item of business at the Reference Committee hearings, open the floor for comment and recognize individuals from the floor. While the purpose of the Reference Committees is to hear as much testimony as necessary for a full discussion of each item, time limits are set on the testimony.

**Providing Testimony at Reference Committee Hearings:** An individual speaking to an issue will be recognized by the Reference Committee chair while stationed at a microphone. Individuals providing testimony will be asked to:

- Identify oneself by name
- Specify whether testifying as an individual, or offering testimony on behalf of the FSMB Board of Directors, a Member Medical Board or other group, and specifying their affiliation with that group.
- Disclose any commercial or financial conflicts of interest with respect to the issue at hand.

- Clearly state their intent in offering comments – support, opposition, recommend a compromise position or propose a substitute resolution.
- Direct testimony to the Reference Committees and not to other hearing participants.

Wording for alternate language, especially for a substitute resolution, should be presented in writing to Reference Committee staff. Other background materials that accompany the testimony also may be presented to Reference Committee staff for discussion at the Committee's Executive Session.

Testimony may be submitted in writing or other electronic means prior to the actual meeting of the Reference Committees. All testimony received in absentia will be announced at the time of the meeting with copies available at the site and time of the meetings of the Reference Committees.

**Reference Committee Deliberations:** At the close of the hearings, Reference Committee members meet in Executive Session to formulate their recommendations on each item and prepare its report to the HOD. These recommendations are based on what is in the best interest of the FSMB, and not on the amount of testimony for or against a particular proposal.

**Reference Committee Reports:** Reference Committees may choose to propose amendments to a resolution, consolidate similar resolutions by constructing a single substitute, or recommend that a resolution or other report under their consideration be adopted, not adopted, or referred. The Reference Committees must forward a recommendation to the HOD on each item of business.

Upon completion of a Reference Committee report, the finalized version is made available to the voting members of the HOD in printed or electronic format at the start of the next business day. Reference Committee reports include any conflicts of interest disclosed by Reference Committee members and individuals who have provided testimony. Printed copies are made available at the site and time of the meeting of the HOD for all those attending.

At the HOD business meeting, the chairs of each Reference Committee, or another member as designated by the chairs, present the Committee reports.

## **Setting Policy**

A simple majority vote of the HOD is required for most items of business. Some actions, such as changes to the Bylaws, require a two-thirds majority vote.

The HOD may act on items before it in one of the following ways:

- The HOD may **adopt** the recommendations of reports and resolves of resolutions or **not adopt** if a majority of the House votes against them.
- The HOD may **amend and then adopt** the amended recommendations of reports and resolves of resolutions.
- The HOD may **propose amendments by substitution and then adopt** the substitute amendments to recommendations of reports and resolves of resolutions.
- The HOD may **refer the items back to the Board** (or through the Board to the appropriate committee) **for further review**. If an item is referred for further study, then all pending information (i.e., amendments) relating to that item is referred as well. A specific time for reporting back to the House should be indicated.
- The HOD may **refer the items back to the Board for decision**, which gives the Board the authority and responsibility for making a determination on the matter.
- The HOD may **file an informational report** (acknowledging that a report has been received and considered, but that no action has been necessary or taken).
- The HOD may **table** a recommendation, which sets aside the recommendation for the current meeting unless the House votes to resume its consideration. A tabled recommendation is postponed to an undetermined time and may be proposed again as a new recommendation at any future meeting; however, if a recommendation is tabled as a means of closing debate indefinitely, it would require a two-thirds majority vote.

## Federation of State Medical Boards Public Policy Compendium 2021-22

### Table of Contents

#### Board Structure and Function

- 100.1 Report of the FSMB Workgroup on Emergency Preparedness and Response (HD)
- 100.2 Guidelines for the Structure and Function of a State Medical and Osteopathic Board (HD)
- 100.3 Regulatory Strategies for Achieving Greater Cooperation and Collaboration Among Health Professional Boards
- 100.4 Innovations in State Based Licensure (HD)
- 100.5 Collateral Consequences of Board Actions (HD)
- 100.6 Reporting of Drug Diversion by Healthcare Employers
- 100.7 Report of the Workgroup to Define a Minimal Data Set (HD)
- 100.8 Report of the Workgroup to Examine Composite Action Index (CAI) and Board Metrics (HD)
- 100.9 Reporting Withdrawals of Licensure Applications to the FSMB (HD)
- 100.10 Information Exchange Between Boards (HD)
- 100.11 Report of the Special Committee on Physician Profiling (HD)
- 100.12 Policy Comment Period
- 100.13 State Medical Board Representation
- 100.14 Maintaining State-based Medical Licensure and Discipline: A Blueprint for Uniform and Effective Regulation of the Medical Profession (HD)
- 100.15 Funding (BD)

#### Conduct and Ethics

- 110.1 Position Statement on Treatment of Self, Family Members and Close Relations (HD)
- 110.2 Report and Recommendations of the FSMB Workgroup on Physician Sexual Misconduct
- 110.3 Report of the Ethics and Professionalism Committee: Social Media and Electronic Communications
- 110.4 Position Statement on Practice Drift (HD)
- 110.5 Position Statement on Duty to Report (HD)
- 110.6 Position Statement on Sale of Goods by Physicians and Physician Advertising (HD)
- 110.7 Best Practices in the Use of Social Media by Medical and Osteopathic Boards
- 110.8 Report of the Special Committee on Professional Conduct and Ethics (HD)

#### Continuing Medical Education

- 120.1 Interprofessional Continuing Education (IPCE)
- 120.2 Participation in ABMS MOC and AOA BOS OCC Programs to Meet CME Requirements for License Renewal (HD)
- 120.3 Point of Care Learning (HD)
- 120.4 Post-residency Skills and Procedures-based Retraining (HD)
- 120.5 Formation of Accreditation Council for Continuing Medical Education (ACCME) (BD)
- 120.6 Mandating Continuing Medical Education (HD)

## **Electronic Health Records**

130.1 Framework on Professionalism in the Adoption and Use of Electronic Health Records (HD)

## **Examinations**

- 140.1 Single Examination for Medical Licensure (HD)
- 140.2 Report of Committee to Evaluate the USMLE Program (CEUP) (HD)
- 140.3 Examination History (HD)
- 140.4 Common Examination System (HD)
- 140.5 Evaluation of Licensure Examinations (HD)
- 140.6 Inclusion of Pain, Pain Assessment and Pain Management Questions on National Standardized Licensure Examinations (HD)
- 140.7 Release of Special Purpose Examination (SPEX) Score Reports (HD)
- 140.8 English Administration of Licensing Exams (BD)
- 140.9 Enhancement of the United States Medical Licensing Examination (USMLE) (HD)
- 140.10 Hybrid Examination Combinations (BD)
- 140.11 Clinical Skills Assessment as Part of Licensure Process (BD)
- 140.12 Special Purpose Examination (SPEX) Use Statement (BD)

## **Impairment**

- 150.1 Policy on Physician Illness and Impairment: Towards a Model that Optimizes Patient Safety and Physician Health (HD)
- 150.2 Report of the Workgroup on Physician Wellness and Burnout (HD)
- 150.3 AMA Report on the Use of Alcohol by Physicians (HD)
- 150.4 Policy on Physician Impairment (HD)
- 150.5 Credit Against License Suspensions or Restrictions (HD)

## **Licensure Requirements**

- 160.1 Setting Higher Standards for Unrestricted Licensure (HD)
- 160.2 Federation Credentials Verification Service (FCVS) and Educational Commission for Foreign Medical Graduates (ECFMG) to Expedite Licensure
- 160.3 Criminal Record Check (HD)
- 160.4 Requirements Unrelated to the Practice of Medicine (HD)
- 160.5 Military/Government Employed Physicians
- 160.6 Liability Insurance
- 160.7 Report of the Ad Hoc Committee on Licensure by Endorsement (HD)

## **Medical Education**

- 170.1 Shortening Undergraduate Medical Education (HD)
- 170.2 Medical Education in Substance Abuse (HD)
- 170.3 Report of the Special Committee on the Evaluation of Undergraduate Medical Education (HD)
- 170.4 Credentials Verification for International Medical Graduates
- 170.5 Education of Medical Students, Interns, Residents and Related Faculty on Licensure and Attendant Good Conduct Requirements (HD)
- 170.6 International Association of Medical Regulatory Authorities (IAMRA)
- 170.7 Medical Students Attending Board Meetings
- 170.8 Position in Support of Postgraduate Training and Licensure Standards
- 170.9 Report on Licensure of Physicians Enrolled in Postgraduate Training Programs (HD)
- 170.10 Medical School Curriculum (HD)
- 170.11 Clinical Clerkships for Foreign Medical Graduates
- 170.12 Verifying Credentials of Physicians in Postgraduate Training Programs

## **National Data Banks**

- 180.1 Reporting to the Physician Data Center (formally Board Action Data Bank) (HD)
- 180.2 Public Access (BD)
- 180.3 National Practitioner Data Bank (BD)
- 180.4 Centralized Database of Licensing Profiles (HD)

## **Quality of Care**

- 190.1 Acute Opioid Prescribing Workgroup and Guidelines
- 190.2 Report of the Workgroup on Prescription Drug Monitoring Programs (HD)
- 190.3 Report of the Workgroup to Study Regenerative and Stem Cell Therapy Practices (HD)
- 190.4 Guidelines for the Chronic Use of Opioid Analgesics (HD)
- 190.5 Model Guidelines for the Recommendation of Marijuana in Patient Care (HD)
- 190.6 Physicians' Use of Marijuana (HD)
- 190.7 Model Policy on DATA 2000 and Treatment of Opioid Addiction in the Medical Office (HD)
- 190.8 Incorporating Quality Improvement Principles into Disciplinary Actions (HD)
- 190.9 Report of the MOL Workgroup on Clinically Inactive Physicians (HD)
- 190.10 Prevention of HIV/HBV Transmission to Patients (HD)
- 190.11 Communication between Physicians and Patients (HD)
- 190.12 Continued Competence
- 190.13 Review of FSMB Model Guidelines for the Use of Controlled Substances for the Treatment of Pain (HD)
- 190.14 Report of the Special Committee on Outpatient (Office-based) Surgery
- 190.15 Model Guidelines for the Use of Complementary and Alternative Therapies in Medical Practice (HD)
- 190.16 Report of the Special Committee on Quality of Care and Maintenance of Physician Competence (HD)
- 190.17 Remedial Education (HD)
- 190.18 Post-Licensure Assessment System (PLAS) (HD)
- 190.19 Report of the Special Committee on Managed Care (HD)
- 190.20 Report of the Special Committee on Questionable and Deceptive Health Care Practices (HD)
- 190.21 Position in Support of Adoption of Pain Management Guidelines
- 190.22 Position on Partial Birth Abortion Ban Acts
- 190.23 Report of the American Medical Association and the FSMB: Ethics and Quality of Care (HD)

## **Reentry**

- 200.1 Report of the Special Committee on Reentry for the Ill Physician (HD)
- 200.2 Report of the Special Committee on Reentry to Practice (HD)

## **Scope of Practice**

- 210.1 Advocacy Efforts in Response to Antitrust Concerns of State Medical Boards (HD)
- 210.2 Scope of Practice Information for Non-Physician Health Care Professionals (HD)
- 210.3 Use of "Doctor" Title in Clinical Settings (HD)
- 210.4 Assessing Scope of Practice in Health Care Delivery: Critical Questions in Assuring Public Access and Safety
- 210.5 Delegation of Medical Functions to Unlicensed Individuals (HD)
- 210.6 Participation in the National Commission on Certification of Physician Assistants (NCCPA) (BD)
- 210.7 Non-physician Duties and Scope of Practice (BD)
- 210.8 National Commission on Certification of Physician Assistants (NCCPA) Examination (BD)

## **Specialty Board Certifications**

- 220.1 License Restriction/Board Certification (HD)
- 220.2 License Restrictions and Specialty Board Certification (HD)
- 220.3 Licensure by Specialty (HD)

## **State Medical Boards: Relationships with Other Agencies**

- 230.1 JMR to Key State Decision Makers (HD)
- 230.2 Quality Improvement Organizations (BD)
- 230.3 Memorandum of Understanding for Sharing Information Between the Department of Defense Medical System and State Medical Boards (HD)
- 230.4 Drug Enforcement Agency (DEA) (BD)
- 230.5 Federal Facilities (HD)

## **Telemedicine/License Portability**

- 240.1 Model Policy for the Appropriate Use of Telemedicine Technologies in the Practice of Medicine (HD)
- 240.2 Development of an Interstate Compact to Expedite Medical Licensure and Facilitate Multi-State Practice (HD)
- 240.3 Definition of Telemedicine (HD)
- 240.4 License Portability During a Public Health Emergency (HD)
- 240.5 Report of the Special Committee on License Portability (HD)
- 240.6 Disaster Preparedness and Licensing (HD)
- 240.7 Interstate Mobility of Physicians (HD)
- 240.8 Report of the Ad Hoc Committee on Telemedicine

## **Policies**

### **BOARD STRUCTURE AND FUNCTION**

#### **100.1 Report of the FSMB Workgroup on Emergency Preparedness and Response**

The FSMB adopts as policy the recommendations contained in the [Report of the FSMB Workgroup on Emergency Preparedness and Response](#).

HD, May 2021

#### **100.2 Guidelines for the Structure and Function of a State Medical and Osteopathic Board**

The FSMB adopts as policy the [Guidelines for the Structure and Function of a State Medical and Osteopathic Board](#), superseding the previous edition.

HD, May 2021

#### **100.3 Regulatory Strategies for Achieving Greater Cooperation and Collaboration Among Health Professional Boards**

The FSMB adopts as policy [Regulatory Strategies for Achieving Greater Cooperation and Collaboration Among Health Professional Boards](#).

HD, April 2017

#### **100.4 Innovations in State Based Licensure**

The FSMB adopts as policy the recommendation contained in the Report of the Workgroup on Innovations in State-based Licensure that sports team physicians are held exempt from the state licensure requirement.

HD, April 2014

#### **100.5 Collateral Consequences of Board Actions**

The FSMB will continue to communicate with credentialing bodies, and other entities that use public board action reports as a basis for their actions to explore ways to accomplish their missions while taking measured, appropriate and proportionate action in response to public board actions involving a physician.

HD, April 2014

#### **100.6 Reporting of Drug Diversion by Healthcare Employers**

The FSMB will cooperate with other stakeholders, including similar associations of health professional regulatory boards, to

study the feasibility of drafting model legislation addressing the duty of all healthcare workplace employers to report any discipline based on such diversion to health licensing boards and be it further that the FSMB support state medical boards in the study and development of legislation addressing the duty of healthcare workplace employers to report such diversion by healthcare licensees to the respective HLBS.

HD, April 2013

#### **100.7 Report of the Workgroup to Define a Minimal Data Set**

The FSMB adopts as policy the framework for a minimal physician data set as recommended in the [Report of the Workgroup to Define a Minimal Data Set](#).

HD, April 2012

#### **100.8 Report of the Workgroup to Examine Composite Action Index (CAI) and Board Metrics**

The FSMB adopts as policy the recommendations contained in the Report of the Workgroup to Examine Composite Action Index (CAI) and Board Metrics.

HD, April 2012

#### **100.8 Reporting Withdrawals of Licensure Applications to the FSMB**

The FSMB will undertake, at the earliest possible opportunity, a thorough review of the reporting of withdrawals by each member board and draft a policy to ensure consistent reporting of these or any level of withdrawals by each member board that will advise member boards of a physician's history of withdrawals in other states.

HD, May 2009

#### **100.9 Information Exchange Between Boards**

The FSMB policy adopted in 1998 and reaffirmed in the [Report of the Special Committee on License Portability](#) encourages member boards to share investigative information at the early stages of a complaint investigation in order to reduce the likelihood that a licensee may become licensed in one state while under investigation in another state. The FSMB will collaborate with other interested organizations and agencies in addressing communication barriers resulting from variances in state confidentiality laws. The FSMB will maintain and distribute information related to state confidentiality laws to its member medical boards.

HD, April 2002

#### **100.10 Report of the Special Committee on Physician Profiling**

The FSMB adopts as policy the recommendations contained in the [Report of the Special Committee on Physician Profiling](#).

HD, April 2000

HD, April 2002, Revised

#### **100.11 Policy Comment Period**

The FSMB shall include a comment period on draft reports of special committees, as feasible, so that the comments received from member medical boards and other interested parties may be taken into consideration prior to submission to the Board of Directors for approval and recommendation to the House of Delegates.

HD, April 2001

#### **100.12 State Medical Board Representation**

The FSMB reaffirms FSMB as the organization representing state medical boards in the legislative, policy development and spokesperson arenas.

BD, February 1998

#### **100.13 Maintaining State-based Medical Licensure and Discipline: A Blueprint for Uniform and Effective Regulation of the Medical Profession**

The FSMB adopts as policy the recommendations contained in Maintaining State-based Medical Licensure and Discipline: A

Blueprint for Uniform and Effective Regulation of the Medical Profession from the Special Committee on Uniform Standards and Procedures.

HD, April 1998 (Archived, available upon request by contacting [dcarlson@fsmb.org](mailto:dcarlson@fsmb.org))

#### 100.14 Funding

The FSMB urges state legislatures to provide their state medical licensing boards adequate resources to properly discharge their responsibilities and duties.

BD, January 1980

### CONDUCT AND ETHICS

#### 110.1 Position Statement on Treatment of Self, Family Members and Close Relations (HD)

The FSMB adopts as policy the position contained in the [Treatment of Self, Family Members and Close Relations](#).

HD, May 2021

#### 110.2 Report and Recommendations of the FSMB Workgroup on Physician Sexual Misconduct

The FSMB adopts as policy the [Report and Recommendations of the FSMB Workgroup on Physician Sexual Misconduct](#), superseding the policy Addressing Sexual Boundaries: Guidelines for State Medical Boards (2006).

HD, April 1996

HD, April 2006, Revised

HD, May 2020, Revised

#### 110.3 Report of the Ethics and Professionalism Committee: Social Media and Electronic Communications

The FSMB adopts as policy the guidelines and recommendations contained in the [Report of the Ethics and Professionalism Committee: Social Media and Electronic Communications](#), superseding the Model Guidelines for the Appropriate Use of Social Media and Social Networking in Medical Practice (2012).

HD, April 2012

HD, April 2019, Revised

#### 110.4 Position Statement on Practice Drift

The FSMB adopts as policy the position contained in the [Position Statement on Practice Drift](#).

HD, April 2016

#### 110.5 Position Statement on Duty to Report

The FSMB adopts as policy the position contained in the [Position Statement on Duty to Report](#).

HD, April 2016

#### 110.6 Position Statement on Sale of Goods by Physicians and Physician Advertising

The FSMB adopts as policy the position contained in the [Position Statement on Sale of Goods by Physicians and Physician Advertising](#).

HD, April 2016

#### 110.7 Best Practices in the Use of Social Media by Medical and Osteopathic Boards

At its 2016 Annual Meeting, the FSMB shall present information on current uses of social media by regulatory agencies and collect and disseminate information on best practices for regulatory agencies to follow in using social media and other forms of communication to publicize Board news and information, including public disciplinary actions.

HD, April 2015

#### 110.8 Report of the Special Committee on Professional Conduct and Ethics

The FSMB adopts as policy the recommendations contained in the [Report of the Special Committee on Conduct and Ethics](#).

HD, April 2000

## **CONTINUING MEDICAL EDUCATION**

### **120.1 Interprofessional Continuing Education (IPCE)**

The FSMB adopts a resolution supporting and recognizing Interprofessional Continuing Education for physicians that is identified by IPCE credit and is accredited by the Joint Accreditation system launched by the Accreditation Council for Continuing Medical Education, the Accreditation Council for Pharmacy Education and the American Nurses Credentialing Center, as an additional means of satisfying continuing medical education requirements for medical license renewal.

HD, April 2018

### **120.2 Participation in ABMS MOC and AOA BOS OCC Programs to Meet CME Requirements for License Renewal**

The Federation of State Medical Boards (FSMB) supports the use of, and encourages state boards to recognize, a licensee's participation in an ABMS MOC and/or AOA BOS OCC program as an acceptable means of meeting CME requirements for license renewal.

HD, April 2012

### **120.3 Point of Care Learning**

The FSMB recommends that continuing medical education credits be given for point of care learning, described as practice-based learning that takes place in support of specific patient care and that publishers and vendors of information resources be encouraged to incorporate time-keeping or automated use-recording into their products.

HD, May 2005

### **120.4 Post-residency Skills and Procedures-based Retraining**

The FSMB will assist state medical boards in identifying and developing—in conjunction with other organizations—new post-residency skills and procedures retraining programs in specialties dependent on skills and procedures competencies.

HD, April 1996

### **120.5 Formation of Accreditation Council for Continuing Medical Education (ACCME)**

The FSMB Board of Directors approved the formation of the [ACCME](#), its budget, Essentials, and bylaws.

BD, October 1980

### **120.6 Mandating Continuing Medical Education**

The FSMB believes mandatory continuing medical education is a matter reserved for the individual state jurisdictions.

HD, April 1980

## **ELECTRONIC HEALTH RECORDS**

### **130.1 Framework on Professionalism in the Adoption and Use of Electronic Health Records**

The FSMB adopts as policy the Framework on Professionalism in the Adoption and Use of Electronic Health Records as contained in the [Report of the Committee on Ethics and Professionalism in the Adoption and Use of Electronic Health Records](#).

HD, April 2014

## **EXAMINATIONS**

### **140.1 Single Examination for Medical Licensure**

The FSMB reaffirms its commitment to establish a single examination for medical licensure in collaboration with other concerned organizations and adopts as an official FSMB position paper the document, A Proposal for a Single Examination for Medical Licensure.

HD, April 1989

The FSMB reaffirms its policy that USMLE be the single pathway to licensure for all U.S. allopathic physicians.

HD, April 1999

HD, April 2012, Revised

#### 140.2 Report of Committee to Evaluate the USMLE Program (CEUP) (HD)

The member boards of the Federation of State Medical Boards resolve:

To adopt the Final Report and Recommendations of CEUP as a conceptual framework for the continued improvements in the USMLE examination program;

To make a clear commitment to incorporate into the USMLE program the following enhancements (described in CEUP Recommendations 1, 2, and 3) at such point when models and methodologies have been developed and tested and the results of this testing indicate that such enhancements will provide assessments that meet reasonable standards of validity, reliability, and practicality;

Enhancement 1: The USMLE program shall be a series of assessments that are specifically intended to support decisions about a physician's readiness to provide patient care at each of two patient-centered points: a) at the interface between undergraduate and graduate medical education (supervised practice), b) at the beginning of independent (unsupervised) practice.

Enhancement 2: USMLE shall adopt a general competencies schema (such as the six general competencies identified by the Accreditation Council on Graduate Medical Education) for the overall design, development, and scoring of USMLE, using a model consistent with national standards. Further, as the USMLE program evolves, it should foster a research agenda that explores new ways to measure those general competencies important to medical practice and licensure which are difficult to assess using current methodologies.

Enhancement 3: USMLE shall emphasize the importance of the scientific foundations of medicine in all components of the assessment process. The assessment of these foundations should occur within a clinical context or framework, to the greatest extent possible.

To make a clear commitment to support the development of methodologies and instruments to enhance testing methods to assess clinical skills, as reflected in CEUP Recommendation #4, and to consider approaches to for design and implementation of a testing format to assess an examinee's ability to recognize and define a clinical problem, to access appropriate reference resources in order to find the scientific and clinical information needed to address the problem ,and to interpret and apply that information in an effective manner, consistent with CEUP Recommendation #5;

To delegate monitoring and final approval of such enhancements to the Composite Committee and the Board of Directors of the Federation of State Medical Boards in concert with the Executive Board of the National Board of Medical Examiners; and

To affirm the principle that the parents recognize that such enhancements will require shared investment of financial resources and that this investment will be recovered via revenues generated by the USMLE program over time.

HD, May 2009

#### 140.3 Examination History

The FSMB receives a request from any state for examination history; the FSMB will attach a Physician Data Center (formally Board Action Data Bank) report to all transcripts that contain a disciplinary history.

In reporting the results from all queries of the FSMB Data Bank, the board action history report will include licensing history as a standard informational element on all reports, in addition to any reportable disciplinary history when it exists for an individual physician.

HD, April 1984

HD, May 2009, revised

#### 140.4 Common Examination System

The FSMB recognizes the [USMLE](#) and [COMLEX-USA](#) as valid exams for their intended purposes. To assure the public that all physicians are meeting a uniform standard for purposes of medical licensure, the FSMB may collaborate with interested parties to develop a common licensing examination system that advances both osteopathic and allopathic medical licensure while maintaining the distinctiveness of both professions.

HD, April 2001

#### **140.5 Evaluation of Licensure Examinations**

The FSMB will develop a mechanism for continuous evaluation of the evidence developed by the [USMLE](#) and [COMLEX-USA](#) programs to support the validity of decisions being made by state medical boards on the basis of test scores, and that reports regarding the outcomes of such evaluation be provided to the membership on a regular basis.

HD, May 2004

#### **140.6 Inclusion of Pain, Pain Assessment and Pain Management Questions on National Standardized Licensure Examinations**

The FSMB will encourage the [NBME](#), the [NBOME](#) and other appropriate organizations to ensure that questions related to pain mechanisms, pain assessment, and pain management be included in all standardized medical licensing examinations, emphasizing the importance of appropriate pain management in quality medical care.

HD, April 2002

#### **140.7 Release of SPEX Score Reports**

The FSMB endorses the release of SPEX score performance profile information, including information regarding limitations of the performance information, to the examinee and the sponsoring state medical boards.

HD, April 1998

#### **140.8 English Administration of Licensing Exams**

The FSMB reaffirms its policy that licensing examinations for U.S. jurisdictions be administered in English only.

BD, May 1979

BD, October 1995, Revised

#### **140.9 Enhancement of the USMLE**

The FSMB endorses the Strategic Plan for Enhancement of the USMLE adopted by the USMLE Composite Committee.

HD, April 1995

#### **140.10 Hybrid Examination Combinations**

The FSMB approves the following guidelines relevant to FLEX 1 and 2:

Candidates, who passed FLEX Component 1 before 1994 and pass the USMLE Step 3 within seven years of the original FLEX pass, will be recommended as having met acceptable licensing examination requirements.

Candidates (likely only international medical graduates) who have passed NBME Part I or USMLE Step 1 and NBME Part II or USMLE Step 2 before 1994, and who pass FLEX Component 2 before 1994, will be recommended as having met acceptable licensing examination requirements.

BD, February 1992

#### **140.11 Clinical Skills Assessment as Part of Licensure Process**

The FSMB supports and encourages the development and use of an evaluation of clinical skills as a component of the physician licensure process for all medical students.

BD, October 1987

#### **140.12 Special Purpose Examination (SPEX) Use Statement**

The FSMB accepts as policy the following statement for SPEX use:

“SPEX is a cognitive examination to assist licensing jurisdictions in their assessment of current competence requisite for general, specialty-undifferentiated medical practice by physicians who hold or have held a valid unrestricted license in a United States or Canadian jurisdiction.”

BD, April 1987

## **IMPAIRMENT**

**150.1 Policy on Physician Illness and Impairment: Towards a Model that Optimizes Patient Safety and Physician Health (HD)**  
The FSMB adopts the [Policy on Physician Illness and Impairment: Towards a Model that Optimizes Patient Safety and Physician Health](#), superseding the Policy on Physician Impairment (HOD 2011).  
HD, May 2021

**150.2 Report of the Workgroup on Physician Wellness and Burnout**  
The FSMB adopts as policy the recommendations contained in the [Report of the Workgroup on Physician Wellness and Burnout](#).  
HD, April 2018

**150.3 AMA Report on the Use of Alcohol by Physicians**  
The FSMB supports the guidelines established by the American Medical Association (AMA) regarding physicians' ingestion of alcohol and patient care (H-30.960 Physician Ingestion of Alcohol and Patient Care).  
HD, April 1993  
HD, April 2012, Revised

**150.4 Policy on Physician Impairment**  
The FSMB adopts the Policy on Physician Impairment, superseding the Report on Physician Impairment (HOD 1995).  
HD, April 2011 (Archived, available upon request by contacting [dcarlson@fsmb.org](mailto:dcarlson@fsmb.org))

**150.5 Credit Against License Suspensions or Restrictions**  
The FSMB recommends to all member boards that, for cases of license suspension or restriction, any time during which a disciplined physician practices in another jurisdiction without comparable restriction should not be credited as part of the period of suspension or restriction.  
HD, April 1993

## **LICENSURE REQUIREMENTS**

**160.1 Setting Higher Standards for Unrestricted Licensure**  
The FSMB will, in collaboration with other stakeholders, examine the benefits as well as the potential harms and unintended consequences that could occur because of requiring all applicants for licensure to have completed 36 months of progressive postgraduate medical training.  
HD, April 2013

**160.2 Federation Credentials Verification Service (FCVS) and Educational Commission for Foreign Medical Graduates (ECFMG) to Expedite Licensure**  
The FSMB, through the [FCVS](#), pursue cooperative efforts with the [ECFMG](#) to reduce duplication of efforts and redundancy in primary source verification.  
HD, April 2003

**160.3 Criminal Record Check**  
The FSMB reaffirms its policy that all state medical boards conduct criminal record checks as part of the licensure application process. The FSMB encourages all state medical boards to require any applicant with a criminal history report to appear before the board for questioning to evaluate the applicant's degree of risk to the public in determining fitness for licensure. The FSMB will develop legislative or administrative approaches that will assist member boards who wish to have the authority to require criminal background checks for applicants for professional licensure.  
HD, April 2001

**160.4 Requirements Unrelated to the Practice of Medicine**  
The FSMB opposes enactment by any jurisdiction of requirements for initial physician licensure not reasonably related to the qualifications and fitness of individuals to practice medicine, and, instead, have in view the implementation of social, economic

or political policies of the jurisdiction at a particular moment, however well-intentioned or justified those policies may appear.

HD, April 1987

HD, April 1997, Revised

#### **160.5 Military/Government Employed Physicians**

All physicians, other than those in training, be required to have a full and unrestricted license in at least one state and that exemptions not be made for physicians in the armed forces, Public Health Service or other governmental agencies.

BD, December 1977

BD, July 1996, Revised

#### **160.6 Liability Insurance**

Professional liability insurance is an economic issue, not to be linked with medical licensure.

HD, April 1995

#### **160.7 Report of the Ad Hoc Committee on Licensure by Endorsement**

The FSMB adopts as policy the recommendations contained in the report Licensure by Endorsement, developed by the Ad Hoc Committee on Licensure by Endorsement.

HD, April 1995 (Archived, available upon request by contacting [dcarlson@fsmb.org](mailto:dcarlson@fsmb.org))

### **MEDICAL EDUCATION**

#### **170.1 Shortening Undergraduate Medical Education**

The FSMB will work in collaboration with the AAMC, AACOM, AMA and the AOA to study the value of shortening the duration of undergraduate medical education from four years to three years and its impact collectively on access to care, patient outcomes, patient safety and medical student indebtedness.

HD, 2013

#### **170.2 Medical Education in Substance Abuse**

The FSMB will develop methods and/or modules of information to be used to educate medical students, residents and practicing physicians regarding the identification of substance use disorders, intervention and the proper prescribing of controlled substances.

HD, May 2007

#### **170.3 Report of the Special Committee on the Evaluation of Undergraduate Medical Education**

The FSMB adopts as policy the recommendations contained in the [Report of the Special Committee on the Evaluation of Undergraduate Medical Education](#).

HD, April 2006

#### **170.4 Credentials Verification for International Medical Graduates**

The FSMB shall continue to monitor and encourage the progress of the FCVS/ECFMG initiative, and for the FSMB and its member boards to strongly recommend that International Medical Graduates establish an FCVS profile for securing and protecting their medical school credentials for a lifetime of license portability and practice.

HD, April 2006

#### **170.5 Education of Medical Students, Interns, Residents and Related Faculty on Licensure and Attendant Good Conduct Requirements**

The FSMB shall continue to provide access to new and existing presentation materials for boards to use to educate medical students, interns, residents and appropriate faculty on medical licensure and regulation. The FSMB shall seek funding for the development of educational modules to be used in medical schools and residency programs.

HD, April 2003

#### **170.6 International Association of Medical Regulatory Authorities (IAMRA)**

The FSMB and its representatives to the [IAMRA](#) are encouraged to seek opportunities to share information with the international community on matters related to education, training and licensure for both osteopathic and allopathic physicians in the United States. At the time that a formal membership structure is established, the IAMRA Office of the Secretariat forward information regarding associate membership to the AMA, AOA, ACGME, LCME, ABMS and other appropriate organizations.

HD, April 2001

#### **170.7 Medical Students Attending Board Meetings**

The FSMB recommends that medical students enrolled in an approved medical school be encouraged to attend either their state medical board meeting or a meeting sponsored by their state medical board for educating medical students regarding the responsibilities as a licensed physician and the specific ramifications of violating medical regulations.

HD, April 2000

#### **170.8 Position in Support of Postgraduate Training and Licensure Standards**

The FSMB adopts as policy the position in support of postgraduate training and licensure standards.

HD, 1998 (Archived, available upon request)

#### **170.9 Report on Licensure of Physicians Enrolled in Postgraduate Training Programs**

The FSMB approves as policy the recommendations contained in the Report on Licensure of Physicians Enrolled in Postgraduate Training Programs, developed by the FSMB's Legislative and Legal Advisory Committee.

HD, April 1996 (Archived, available upon request by contacting [dcarlson@fsm.org](mailto:dcarlson@fsm.org))

#### **170.10 Medical School Curriculum**

The FSMB opposes attempts by legislative bodies to mandate specific details of the curriculum of accredited medical schools in the United States and Canada. This should remain the responsibility of the faculties of these schools and the accrediting body, to permit and encourage adaptation of medical student education to the future challenges medical students will face as physicians in the rapidly changing practice of medicine.

HD, April 1985

#### **170.11 Clinical Clerkships for Foreign Medical Graduates**

The FSMB encourages all member boards to bring rules into effect or to encourage enactment of laws authorizing the respective state boards of medical examiners or appropriate state agency to regulate the clinical clerkships of those students from medical schools not approved by the Liaison Committee on Medical Education or the American Osteopathic Association, where such rules or laws are not already in effect.

HD, April 1985

#### **170.12 Verifying Credentials of Physicians in Postgraduate Training Programs**

The FSMB urges its member boards to bring reasonable procedures and rules into effect or encourage enactment of laws which would ensure thorough verification and authentication of the credentials of all medical school graduates in training programs and who do not hold a full and unrestricted license to practice medicine.

The FSMB recommends that, in those jurisdictions that provide for credentials verification by the directors of medical education of the training institutions, deans of the medical schools, hospital administrators, or other responsible individuals involved with medical school graduates, such verification be certified to the state medical board or, where the state medical board has no authority, to an appropriate state agency.

HD, April 1985

### **NATIONAL DATA BANKS**

#### **180.1 Reporting to the Physician Data Center (formally Board Action Data Bank)**

The FSMB encourages all state medical boards to report all board actions to the FSMB's Physician Data Center (formally Board

Action Data Bank), including denials and/or withdrawals for cause, as quickly as possible but no later than 30 days after actions are taken.

HD, April 1996

The FSMB encourages all member boards to include disclosure language in all board orders.

BD, October 1997

All state licensing boards report all formal board actions to Physician Data Center, including non-prejudicial actions.

BD, January 1980

The FSMB will expand its database to include all licensed physicians.

BD, October 1997

The FSMB encourages all state medical boards enacting emergency actions to immediately contact the FSMB Physician Data Center to provide information on individuals who are subject to these actions. The FSMB encourages state medical boards taking emergency action to immediately transmit a copy of the emergency order to the FSMB Physician Data Center so that notification can be immediately transmitted to all other states wherein the physician is licensed, applying for licensure, or in post-graduate training and/or residency.

The FSMB Physician Data Center will provide timely notification to member boards of disciplinary actions taken by other state medical boards through a Disciplinary Alert Report. The FSMB encourages all state medical boards to provide data files and timely updates to the FSMB Physician Data Center, so that there will exist a national database comprised of current and complete information which can be accessed by all states in which a physician is licensed or seeking licensure. The FSMB encourages the executive directors of all medical boards in states enacting emergency actions to immediately determine all other states of licensure for individuals subject to such emergency actions. The director of the board enacting the emergency action shall then immediately advise those directors of other boards where the licensee is known to hold another medical license about the emergency action. This contact should occur as close to the same day of the board action as is possible. This will ensure optimal public protection and the most timely notification possible while processes for drafting, serving and disseminating legal orders for the emergency action take place.

HD, April 2001

#### **180.2 Public Access**

The FSMB approves an initiative to develop a means to provide public access to national physician data base information.

BD, February 1998

#### **180.3 National Practitioner Data Bank (NPDB)**

The FSMB supports continued monitoring of the progress and development of the National Practitioner Data Bank (NPDB) and continued dialogue with the Health Resources Services Administration staff regarding potential future modifications in the NPDB.

BD, April 1991

#### **180.4 Centralized Database of Licensing Profiles**

The FSMB recognizes the need for a centralized database displaying the licensing profile of all practicing physicians and the need of the individual state medical boards for ready access to such a file, as well as the value of such a centralized database for analysis of practice trends, especially designation and distribution of physicians and the dynamics of geographical distributional changes of physicians.

The FSMB endorses efforts in conjunction with the NBME to obtain appropriate funding to design and engage in a process leading to the development and implementation of a computerized national tracking system containing longitudinal data relevant to the licensure status of all physicians within the licensing jurisdictions of the United States.

Representatives of the constituent medical boards of the FSMB endorse the concept of the centralized computerized database and express their intent to participate in the implementation of the process by the individual state medical boards.

HD, April 1980

## **QUALITY OF CARE**

### **190.1 Acute Opioid Prescribing Workgroup and Guidelines**

The FSMB will perform a comprehensive review of acute opioid prescribing patterns, practices, federal laws and guidance (including Centers for Disease Control and Prevention guidelines), state rules and laws across the United States, available data, and present a report to the House of Delegates at the Annual Meeting in 2019.

HD, April 2018

### **190.2 Report of the Workgroup on Prescription Drug Monitoring Programs (PDMPs)**

The FSMB adopts as policy the recommendations contained in the [Report of the Workgroup on Prescription Drug Monitoring Programs](#) (PDMPs).

HD, April 2018

### **190.3 Report of the Workgroup to Study Regenerative and Stem Cell Therapy Practices**

The FSMB adopts as policy the recommendations contained in the [Report of the Workgroup to Study Regenerative and Stem Cell Therapy Practices](#).

HD, April 2018

### **190.4 Guidelines for the Chronic Use of Opioid Analgesics**

The FSMB adopts as policy [Guidelines for the Chronic Use of Opioid Analgesics](#), superseding the Model Policy on the Use of Opioid Analgesics in the Treatment of Chronic Pain (HD 2013).

HD, April 1998

HD, April 2004, Revised

HD, April 2013, Revised

HD, April 2017, Revised

### **190.5 Model Guidelines for the Recommendation of Marijuana in Patient Care (HD)**

The FSMB adopts as policy the recommendations contained in [Model Guidelines for the Recommendation of Marijuana in Patient Care](#).

HD, April 2016

### **190.6 Physicians Use of Marijuana**

Given the lack of data supporting clinical efficacy and the difficulty of evaluating impairment, the FSMB [adopted a resolution](#) that state medical boards advise their licensees to abstain from the use of marijuana, for medical or recreational purposes, while actively engaged in the practice of medicine.

HD, April 2016

### **190.7 Model Policy on DATA 2000 and Treatment of Opioid Addiction in the Medical Office**

The FSMB adopts as policy the [Model Policy on DATA 2000 and Treatment of Opioid Addiction in the Medical Office](#).

HD, April 2002

HD, April 2013, Revised

### **190.8 Incorporating Quality Improvement Principles into Disciplinary Actions**

The FSMB will investigate ways in which medical boards can incorporate quality improvement principles into disciplinary actions when appropriate to do so, as part of their mission to protect the public and improve patient care.

HD, April 2013

### **190.9 Report of the Maintenance of Licensure (MOL) Workgroup on Clinically Inactive Physicians**

The FSMB adopts as policy the recommendations contained in the [Report of the MOL Workgroup on Clinically Inactive Physicians](#).

HD, April 2013 (Additional policies related to Maintenance of Licensure are archived and available by contacting [dcarlson@fsmb.org](mailto:dcarlson@fsmb.org))

### **190.10 Prevention of HIV/HBV Transmission to Patients**

The state medical and osteopathic practice acts, other appropriate statutes and/or the rules of the state medical or osteopathic board should include provisions dealing with preventing the transmission of human immunodeficiency virus (HIV), hepatitis B virus (HBV) and hepatitis C virus (HVC) to patients. These statutes or rules should be consistent with the following recommendations:

- A. Persons under the jurisdiction of the Board should comply with the guidelines established by the Centers for Disease Control and Prevention for preventing the transmission of human immunodeficiency virus (HIV), hepatitis B virus (HBV) and hepatitis C virus (HVC) to patients.
- B. State medical boards should have the powers and responsibilities:
  1. to encourage physicians and other health care providers to know their HIV and HBV status;
  2. to require reporting to the state board and/or the state public health department of HIV- and HBV -infected healthcare workers who perform invasive procedures;
  3. to ensure confidentiality of those reports received by the state board and/or state public health
  4. department under (2) above;
  5. to establish practice guidelines for HIV- and HBV-infected practitioners; and
  6. to monitor or to assist the state public health department to monitor the practices and health of HIV and HBV -infected practitioners who perform invasive procedures.
- C. The state board should be authorized to discipline all persons under its jurisdiction who violate the statute(s) or rule(s) establishing or otherwise implementing requirements related to preventing transmission of HIV and HBV to patients.

HD, April 1992

HD, April 1996, Revised

HD, April 2012, Revised

### **190.11 Communication Between Physicians and Patients**

The FSMB supports continued and improved effective means of communication between patients and physicians. The FSMB will develop an inventory of resources that promotes effective communication to provide to patients and professional communities.

HD, May 2009

### **190.12 Continued Competence**

State medical boards have a responsibility to the public to ensure the ongoing competence of physicians seeking relicensure.

HD, May 2004

### **190.13 Review of FSMB Model Guidelines for the Use of Controlled Substances for the Treatment of Pain**

The FSMB will develop a process for review of its policy Model Guidelines for the Use of Controlled Substances for the Treatment of Pain and consider whether it might be strengthened in the light of new medical insights during the past five years, particularly focusing on issues surrounding the undertreatment of pain.

HD, April 2003

### **190.14 Report of the Special Committee on Outpatient (Office-based) Surgery**

The FSMB adopts as policy the [Report of the Special Committee on Outpatient \(Office-based\) Surgery](#).

HD, April 2002

#### **190.15 Model Guidelines for the Use of Complementary and Alternative Therapies in Medical Practice**

The FSMB adopts as policy the [Model Guidelines for the Use of Complementary and Alternative Therapies in Medical Practice](#).

HD, April 2002

The FSMB reaffirms its recommendation, as stated in the “Report of the Special Committee on Managed Care,” to encourage state medical boards to communicate with state agencies responsible for regulating managed care organizations on issues relating to quality of care.

HD, April 2001

#### **190.16 Report of the Special Committee on Quality of Care and Maintenance of Physician Competence**

The FSMB adopts as policy the recommendations contained in the Report of the Special Committee on Quality of Care and Maintenance of Physician Competence.

HD, April 1998

HD, April 1999, Revised

#### **190.17 Remedial Education**

The FSMB will identify available remedial educational resources and publish a comprehensive directory of such resources for its member boards; foster regional expansion of assessment centers throughout the country in support of member boards’ efforts; and encourage development of centers capable of assessing specialty practice performance.

HD, April 1999

#### **190.18 Post-Licensure Assessment System**

When physician competence is called into question, state medical regulatory boards should consider using the [Post-Licensure Assessment System](#) (PLAS) established by the FSMB and National Board of Medical Examiners. State medical regulatory boards should work with relevant medical organizations in their states to encourage development of educational programs designed to address physicians’ learning needs as identified through assessment programs. The FSMB, when requested, will assist and support any member board in its effort to utilize PLAS, including, but not limited to, providing informational resources, research studies and suggested policies on identifying and referring physicians for assessment, evaluating assessment programs, stimulating development of need-based educational programs and continuing improvement of the post-licensure assessment and education effort.

HD, April 1999

#### **190.19 Report of the Special Committee on Managed Care**

The FSMB adopts as policy the recommendations contained in the Report of the Special Committee on Managed Care.

HD, April 1998 (Archived, available upon request by contacting [dcarlson@fsmb.org](mailto:dcarlson@fsmb.org))

#### **190.20 Report of the Special Committee on Questionable and Deceptive Health Care Practices**

The FSMB adopts as policy the recommendations contained in the Report of the Special Committee on Questionable and Deceptive Health Care Practices, previously published as the Report on Health Care Fraud.

HD, April 1997

HD, April 1999, Revised

#### **190.21 Position in Support of Adoption of Pain Management Guidelines**

The FSMB adopts as policy the position in support of adoption of pain management guidelines.

HD, 1998 (Archived, available upon request by contacting [dcarlson@fsmb.org](mailto:dcarlson@fsmb.org))

#### **190.22 Position on Partial Birth Abortion Ban Acts**

The FSMB adopts as policy the position on partial-birth abortion ban acts.

HD, 1997 (Archived, available upon request by contacting [dcarlson@fsmb.org](mailto:dcarlson@fsmb.org))

### 190.23 **Report of the AMA and the FSMB: Ethics and Quality of Care**

The FSMB adopts as policy the recommendations contained in Ethics and Quality of Care: Report of the American Medical Association and the Federation of State Medical Boards.

HD, April 1995 (Archived, available upon request by contacting [dcarlson@fsmb.org](mailto:dcarlson@fsmb.org))

## **REENTRY**

### 200.1 **Report of the Special Committee on Reentry for the Ill Physician**

The FSMB adopts as policy the five recommendations contained in the [Report of the Special Committee on Reentry for the Ill Physician](#).

HD, April 2013

### 200.2 **Report of the Special Committee on Reentry to Practice**

The FSMB adopts as policy the 12 recommendations contained in the [Report of the Special Committee on Reentry to Practice](#).

HD, April 2012

## **SCOPE OF PRACTICE**

### 210.1 **Advocacy Efforts in Response to Antitrust Concerns of State Medical Boards**

The FSMB adopts a resolution calling for advocacy against the expanded application of antitrust principles that may compromise patient safety, and for FSMB to assist state boards facing litigation alleging antitrust violations.

HD, April 2016

### 210.2 **Scope of Practice Information for Non-Physician Health Care Professionals**

The FSMB will maintain information on scopes of practice of licensed non-physician health care professionals and make the information available to member medical boards.

HD, April 2000

HD, April 2012, Revised

### 210.3 **Use of “Doctor” Title in Clinical Settings**

The FSMB work with the Scope of Practice Partnership and other stakeholders, including associations of health professional regulatory boards and patient advocacy groups, in supporting state legislation to provide transparency for patients seeking a health care professional;

The FSMB, through its advocacy network, support the Healthcare Truth and Transparency Act of 2010 or similar federal legislation designed to assure patients receive accurate information about the qualifications and licensure of health care professionals; and,

Adopted the following policy statement: Health care practitioners who provide health services to consumers and are legally authorized to use the term “doctor” or “physician” or any abbreviation thereof, should be required to simultaneously and clearly disclose and identify which branch of the healing arts for which they are licensed. Such disclosure should apply to written advertisements, identification badges, and any other form of practitioner/patient communications.

HD, May 2009

HD, April 2011

### 210.4 **Assessing Scope of Practice in Health Care Delivery: Critical Questions in Assuring Public Access and Safety**

The FSMB adopts the policy [Assessing Scope of Practice in Health Care Delivery: Critical Questions in Assuring Public Access and Safety](#).

HD, April 2005

### 210.5 **Delegation of Medical Functions to Unlicensed Individuals**

The FSMB will maintain new and existing legislation/regulations and other information on the delegation of medical functions

and make the information available to member medical boards and other interested parties.

HD, April 2003

#### **210.6 Participation in the National Commission on Certification of Physician Assistants (NCCPA)**

The FSMB supports continued participation on the [NCCPA](#) Board of Directors and encourages and supports the NCCPA.

BD, October 1990

#### **210.7 Non-physician Duties and Scope of Practice**

A non-physician should be permitted to provide medical services delegated to him or her by a supervising physician consistent with state law, as long as those medical services are within his or her training and experience, form a usual component of the supervising physician's practice of medicine, and are provided under the direction of the supervising physician.

BD, July 1998

#### **210.8 National Commission on Certification of Physician Assistants (NCCPA) Examination**

The FSMB urges state boards that regulate physician assistants to formulate rules and regulations that would permit acceptance of the examination of the [NCCPA](#) in the authorization of physician assistants in their respective states.

BD, February 1976

### **SPECIALTY BOARD CERTIFICATIONS**

#### **220.1 License Restriction/Board Certification**

It is the position of the FSMB that a physician who has a restricted license and is allowed to practice clinical medicine under board supervision and is complying with all the terms and conditions of his/her license restriction, should be allowed to be a candidate for specialty board certification, re-certification or Maintenance of Certification.

HD, April 1992

HD, May 2005, Revised

#### **220.2 License Restrictions and Specialty Board Certification**

The FSMB shall establish an ongoing dialogue with allopathic and osteopathic specialty boards regarding restrictions on medical licenses due to a mental or physical disability and specialty board certification. The primary purpose would be to develop mechanisms allowing physicians with physical or mental disabilities to obtain and maintain specialty board certification without compromising public protection.

HD, April 1998

The FSMB will continue discussions with the [American Board of Medical Specialties](#) and the [American Osteopathic Association](#) regarding the issue of eligibility for specialty recertification of physicians with licensure restrictions. The FSMB will explore the possibility of developing alternate mechanisms which would allow physicians to be eligible for specialty recertification while preserving medical board oversight of their recovery program.

HD, April 1999

#### **220.3 Licensure by Specialty**

The FSMB opposes licensure by specialty.

HD, April 1982

### **STATE MEDICAL BOARDS: RELATIONSHIPS WITH OTHER AGENCIES**

#### **230.1 Journal of Medical Regulation (JMR) to Key State Decision Makers**

The FSMB encourages each state medical and osteopathic board to assess their budgets to consider sending the JMR (at a reduced rate subscription) to their respective legislators and Governor.

HD, April 2014

### 230.2 Quality Improvement Organizations

The FSMB encourages state boards to cooperate with state quality improvement organizations on issues of medical discipline.  
BD, February 1990  
BD, April 2012, Revised

### 230.3 Memorandum of Understanding for Sharing Information Between the Department of Defense Medical System and State Medical Boards (HD)

The Federation of State Medical Boards (FSMB) shall initiate dialogue and pursue a Memorandum of Understanding or other means with the Department of Defense Medical System and other uniformed health services to facilitate the sharing of information necessary to state medical and osteopathic boards in fulfilling their regulatory responsibilities.  
HD, April 2011

### 230.4 Drug Enforcement Agency (DEA)

The FSMB strongly urges the [DEA](#) to promptly report all violations by physicians to the Board(s) of Medical Examiners of the state in which the physician practices and to the FSMB's Physician Data Center (formally Board Action Data Bank).  
BD, February 1965  
BD, October 1995, Revised

### 230.5 Federal Facilities

The FSMB encourages the federal government to have federal facilities use state boards of medical examiners in the states in which such facilities are located to ensure that fraudulent or incompetent physicians are not allowed to practice at those facilities; encourages states to require federally-employed physicians to possess a current active license in a state or territory; and recommends that within each state or territorial possession in which a federal facility exists, a liaison committee be established consisting of a representative of the federal facility and the state licensing board.  
HD, April 1988

## TELEMEDICINE and LICENSE PORTABILITY

### 240.1 Model Policy for the Appropriate Use of Telemedicine Technologies in the Practice of Medicine

The FSMB adopts as policy the [Model Policy for the Appropriate Use of Telemedicine Technologies in the Practice of Medicine](#), superseding the Model Guidelines for the Appropriate use of the Internet in Medical Practice (HD, 2002).  
HD, April 2014

### 240.2 Development of an Interstate Compact to Expedite Medical Licensure and Facilitate Multi-State Practice

The FSMB will convene representatives from state medical boards and special experts as needed to aggressively study the development of an Interstate Compact model to facilitate license portability, hereinafter known as the Medical License Portability Interstate Compact model, and be it further that this be initiated no later than July 2013.  
HD, April 2013

### 240.3 Definition of Telemedicine

"Telemedicine" is the practice of medicine using electronic communication, information technology or other means between a physician in one location and a patient in another location with or without an intervening health care provider.  
HD, May 2009

### 240.4 License Portability During a Public Health Emergency

Resolved that state medical boards cooperate and support each other to further license portability in the event of a public health emergency and assist FSMB in verifying licensure and qualifications by regularly providing FSMB with licensure and contact information on all licensees; and that the FSMB study issues relative to license portability during an emergency including, but not limited to, joining with other organizations or entities to determine the best manner to provide necessary

medical care and maintain licensure autonomy for the individual states.

HD, April 2006

#### **240.5 Report of the Special Committee on License Portability**

The FSMB adopts as policy the recommendations contained in the Report of the Special Committee on License Portability.

HD, April 2002 (Archived, available upon request by contacting [dcarlson@fsmb.org](mailto:dcarlson@fsmb.org))

#### **240.6 Disaster Preparedness and Licensing**

The FSMB will cooperate with federal and state legislators, agencies, and organizations in facilitating the movement of properly licensed physicians among FSMB member licensing jurisdictions in support of necessary emergency medical response.

HD, April 2002

#### **240.7 Interstate Mobility of Physicians**

Resolved, that the Federation of State Medical Boards take steps to assist its member boards in evaluating their own statutes, rules and regulations and where necessary and appropriate modify those statutes, rules and regulations to provide for the rapid research, training or unique clinical care.

#### **240.8 Report of the Ad Hoc Committee on Telemedicine**

The FSMB adopts as policy the Report of the Ad Hoc Committee on Telemedicine

HD, April 1996 (Archived, available upon request by contacting [dcarlson@fsmb.org](mailto:dcarlson@fsmb.org))
