U.S. States and Territories Modifying Licensure Requirements for Physicians in Response to COVID-19
(Out-of-state physicians in-person practice; license renewals)

Last Updated: August 23, 2021

| States with Waivers: 21 + DC + GU + USVI |
| States with Waivers, not allowing new applications: 0 |
| States without Waivers (or closed waivers): 29 |
| States allowing OOS physicians long-term or permanent privileges: 2 + CNMI + PR |

On January 28, 2021, HHS announced the fifth amendment to the Public Readiness and Emergency Preparedness (PREP) Act, authorizing any healthcare provider who is licensed or certified in a state to prescribe, dispense, or administer COVID-19 vaccines in any other state or U.S. territory. The amendment also authorizes any physician, registered nurse, or practical nurse whose license or certification expired within the past five years to partake in the immunization effort, but first must complete a CDC Vaccine Training and an on-site observation period by a currently practicing healthcare professional.

| Alabama     | • The Alabama Board of Medical Examiners and the Medical Licensure Commission have adopted emergency administrative rules and procedures allowing for the emergency licensing of qualified medical personnel. These measures will allow physicians and physician assistants who possess full and unrestricted medical licenses from appropriate medical licensing agencies to apply for and receive temporary emergency licenses to practice in Alabama for the duration of the declared COVID-19 health emergency.  
  • Re: renewals - The Board and Commission recognize the difficulty licensees may have meeting the annual continuing medical education requirement in 2020 due to the public health emergency. Consequently, all licensees (MD/DO/PA/AA) are exempt for 2020 from the annual requirement to earn 25 credits for license renewal, and no compliance audit for these 2020 credits will be conducted. Credits earned in 2020 may not be “rolled over” to 2021 to meet the 2022 license renewal requirement.  
  • [12/12/20 Update] - Due to the ongoing public health emergency and a shortage of critical care physicians in the state, the Board voted on Dec. 12, 2020, to offer temporary emergency licenses to qualified physicians. Physicians wishing to provide medical care for patients in Alabama general acute care, critical access, or specialized hospitals suffering from and affected by Severe Adult Respiratory Syndrome-Coronavirus-2 (SARS-Co V-2) and the disease known as COVID-19 that meet certain criteria may apply for a Temporary Emergency Medical License.  
  • [8/16/21 Update] re: waivers reinstituted – “B. Practice by out-of-state healthcare practitioners... the Medical Licensure Commission, and the State Board of Medical Examiners may adopt emergency rules pursuant to this proclamation to allow expedited licensure and/or temporary permits for the practice of... medicine by individuals in possession of active, unencumbered licenses in other states. Said licenses and/or permits shall be limited to the care of Alabama patients in in-patient units, emergency departments, or other acute care units located within a general acute care hospital, a critical access hospital, or a specialized hospital...” per 8/13 Proclamation. (Article).

**State Resource Page** |
| **[DOs]:** In accordance with Arizona Revised Code, individuals can apply for a temporary license with the Board to aid in the diagnosis and treatment of COVID-19 in Arizona. |  |
| **Status — Active, until the end of the COVID-19 emergency.** In addition, Arizona has universal license reciprocity, meaning that Arizona's licensing boards will recognize out-of-state occupational licenses for people who have been licensed in their profession for at least one year, are in good standing in all states where they are licensed, pay applicable Arizona fees, and meet all residency, testing, and background check requirements. |  |
| **Arkansas** |  |
| **Arkansas is party to the Uniform Emergency Volunteer Health Practitioners Act (UEVHPA), which allows state governments, during a declared emergency, to give reciprocity to other states' licensees so that covered individuals may provide emergency health services without meeting the disaster's state's licensing requirements.** | **Article re: UEVHPA** **Uniform Law Commission** |
of the coronavirus pandemic, allowing it to expire at the end of the month. Hutchinson
said the declaration that he first issued March 11, 2020, because of the pandemic will
expire May 30.
• [8/3/21 Update] re: New State of Emergency Declaration - Hutchinson said the
declaration will allow the Arkansas Department of Emergency Management to seek
staffing assistance from health workers outside the state. It also eases the process for
retired health workers to re-enter the workforce and for medical students to become
licensed. (Article).
• EO 21-14: The Arkansas Division of Emergency Management is hereby ordered to seek
necessary staffing assistance... through available avenues to include the Emergency
Management Assistance Compact... the Arkansas Dept. of Health is ordered to identify
any regulatory statutes, orders, or rules related to licensure of healthcare professionals
that may be preventing, hindering, or delaying necessary action for coping with this
emergency...
  o The Emergency Management Assistance Compact (EMAC) is a congressionally ratified
  interstate mutual aid mechanism (Public Law 104-321) that is supported through
  legislation enacted by all 50 States, the District of Columbia, Puerto Rico, and the U.S.
  Virgin Islands. It provides a general framework (and legal basis) for interstate
  coordination and mutual aid during Governor-declared emergencies or disasters...
  including Licensure and permit waivers for medical and other professionals
  • Status – Active, the state’s emergency declaration is scheduled to expire September 27,
    2021, per EO 21-14.

California
• [3/4/20 Emergency Declaration] - Any out-of-state personnel, including, but not limited
to, medical personnel, entering California to assist in preparation for, responding to,
mitigating the effects of, and recovering from COVID-19 shall be permitted to provide
services in the same manner as prescribed in Government Code section 179.5. The EMS
Authority will only accept requests for out of state medical personnel approval from a
California medical facility, telehealth agency contracted with a California medical facility
or a staffing agency providing staffing to California medical facilities, that intends to
utilize these resources.
• A medical facility, telehealth agency or staffing agency which desires to utilize medical
professionals with out-of-state certifications or licenses during the COVID-19 State of
Emergency shall submit the following to the EMS Authority prior to receiving approval:
(A) A complete and signed “Request for Temporary Recognition of Out-Of-State Medical
Personnel During a State of Emergency” form. (B) Email the temporary recognition form
and supporting documents to the EMS Authority. (C) The California EMS Authority shall
review and make a written determination... (D)The duration of the approval shall continue until the termination of the State of Emergency or the end date on the
temporary recognition form, whichever comes first.
• re: renewals - Under DCA Waiver DCA-20-69, continuing medical education (CME)
requirements related to a license that expires between March 31, 2020 and December
31, 2020 are deferred for a six-month period. Licensees eligible under this waiver must
complete their CME no later than June 15, 2021. This temporary waiver does not apply to
any CME, training, or examination required pursuant to a disciplinary order against a
license. In order to receive the CME waiver at the time of renewal, a physician must
submit a complete renewal application and pay the required fees. There are no additional steps.
• Status – Active, EMS Authority's ability to accept out-of-state personnel will be active
for the duration of the emergency.

Colorado
• A physician or physician in training may temporarily practice without a Colorado license
or physician training license under the following provisions of C.R.S. §12-240-107(3):
The physician is licensed and lawfully practicing medicine in another state or territory of
the United States without restrictions or conditions; does not otherwise have an
established or regularly used medical staff membership or clinical privileges in Colorado.
• Re: expired license - A provider with an expired or lapsed license, registration, or
certification may operate within a 60-day grace period without being subject to
penalties or fines under C.R.S. §12-20-202(1)(e). Note: Medical professionals must be aware of reimbursement and liability concerns beyond the date of license expiration.
• Status – Inactive, Colorado’s State of Emergency was rescinded on July 8, 2021, per 7/8
announcement.

Connecticut
• [Gov. Lamont] hereby order[s] the temporary suspension for a period of sixty
consecutive days of the requirements of licensure, certification or registration, pursuant
to chapters... 370 (Medicine and Surgery)... to allow persons who are appropriately
Authorized.

[Gov. Lamont] hereby order[s] the temporary suspension for a period of sixty
consecutive days of the requirements of licensure, certification or registration, pursuant
to chapters... 370 (Medicine and Surgery)... to allow persons who are appropriately
Authorized.

[Gov. Lamont] hereby order[s] the temporary suspension for a period of sixty
consecutive days of the requirements of licensure, certification or registration, pursuant
to chapters... 370 (Medicine and Surgery)... to allow persons who are appropriately
Authorized.
licensed, certified or registered in another state or territory of the United States or the District of Columbia, to render temporary assistance in Connecticut within the scope of the profession for which a provider is licensed. Each practitioner must maintain malpractice and other insurance and any entity that engages an out-of-state practitioner to provide services must verify the practitioner’s credentials, insurance coverage and that the practitioner is in good standing in the state he or she holds a license.

- Re: Prescribing Controlled Substances: Under Executive Order 7GG, out-of-state practitioners, who are working within their scope of practice in the state in which they are licensed may prescribe controlled substances in Connecticut without obtaining a Controlled Substance Registration from the Department of Consumer Protection.
- Re: OOS practitioners - A Commissioner’s Order signed July 14, 2020, allows for individuals in certain professions licensed in good standing in another state, in specified professions, to work in Connecticut for the duration of the declared public health emergency without obtaining a license.
- Re: renewals - The DPH commissioner issued an order on March 30, 2020, suspending the requirements for license renewal which became effective immediately and will continue through the duration of the COVID-19 civil preparedness emergency. If your license was active on or after March 30, 2020, your license will not expire during the COVID-19 civil preparedness emergency; You will be able to renew your license at any time now and during the six-month period following the date of the resumption of the renewal requirements.
- [7/27/21 Update] re: status of waivers - The executive order that allowed a physician or PA licensed in another state to practice in Connecticut without a Connecticut license expired on July 20, 2021. The order did not distinguish between in-person and telehealth. Public Act 21-9 (HB 5596) authorizes the Commissioner of Public Health to issue an order allowing an out of state licensed physician or PA to provide services via telehealth without obtaining a Connecticut license through June 30, 2023. However, there is no such order in place at this time.
- Status – Inactive, please see the 7/27/21 update for more information.

Out of state health care providers, including physicians, pharmacists, respiratory therapists, physician assistants, paramedics, emergency medical technicians, practical nurses, professional nurses, advanced practice registered nurses, and nursing assistants with an active license or certification in good standing in any United States jurisdiction are hereby authorized to provide healthcare services in Delaware... All out of state mental health providers with an active license in good standing in any United States jurisdiction... are hereby authorized to provide in-person and telemedicine mental health services in Delaware... Any out-of-state health care provider, inactive health care provider, or qualified person appointed pursuant to this order shall be considered a public employee.

- Re: waiver rescission – According to the 27th Modification of the State of Emergency, from December 11, 2020, actively licensed out-of-state physicians are not included in the healthcare workforce waivers “Any individual who has at any time held an active license to practice medicine in any United States jurisdiction, which is now inactive, expired or lapsed, may be activated to provide healthcare services on a volunteer basis in Delaware, if (1) the individual’s license was active and in good standing for the duration of the five-year period prior to the date it went inactive, expired or lapsed, (2) the individual’s scope of practice will be limited to primary care services, and (3) the hospital that will use the individual’s services has provided training appropriate for the tasks to be performed...”
- Re: renewals - License renewal dates will remain the same. License renewal is accomplished online, and no profession requires licensees to report to the Division in person.
- Status – Inactive, out-of-state waivers rescinded per 27th Modification of the State of Emergency.

- [EO 20-52] - Medical professionals and workers, social workers, and counselors with good and valid professional licenses issued by states other than the State of Florida may render such services in Florida during this emergency for persons affected by this emergency with the condition that such services be rendered to such persons free of charge, and with the further condition that such services be rendered under the auspices of the American Red Cross or the Florida Department of Health.
- [DOH EO 20-002] - For purposes of preparing for, responding to, and mitigating any effect of COVID-19, health care professionals, advanced life support professionals,
### Guam

- **Status – Active**, according to Guam Board of Medical Examiners information.

### Hawaii

- **Status – Active**, currently scheduled to expire August 30, 2021, according to EO 2021-16.

### Idaho

- **Status – Inactive**, Florida’s State of Emergency expired June 26, 2021, according to EO 21-94.

### Georgia

- The Georgia Composite Medical Board is authorized to grant temporary licenses to physicians who apply for a temporary medical license and are currently licensed as a physician in good standing by equivalent boards in other states to assist with the needs of this public health emergency. Before practicing medicine in Georgia under this provision, the applicant must receive the Board’s approval of the following: (1) an application for this emergency practice permit, (2) proof of current and unrestricted licensure in another state (3) copy of a valid government-issued photo ID and (4) a current National Practitioner’s Data Bank Report.

- **Status – Active**, licensing waivers are currently scheduled to expire September 19, 2021, according to EO 8.19.2021.

| Illinois | Out-of-State physicians, nurses, physician assistants, pharmacists, and respiratory care therapists may practice in Illinois if they are licensed in another state and are in good standing. These licensees must be operating under the authority of IEMA/IDPH or at a long-term care facility, hospital or FQHC, and must meet the standards of care mandated by the respective health care acts. They must provide contact information and dates of arrival and departure on forms provided by IDFPR.  
Re: renewals - The state is automatically extending licenses through the end of September.  
Status – Active, out-of-state licenses are currently scheduled to expire December 31, 2021, per [IDFPR License Application](https://www.in.gov/pla). |
| Indiana | [EO 20-05] - Suspension of the requirement that a healthcare provider hold an Indiana license if he or she: (1) has an equivalent license from another State, and (2) is not suspended or barred from practice in that State or any State.  
[EO 20-13] - Individuals who seek to provide healthcare in the State of Indiana in response to this public health emergency who are not currently licensed to practice in the state, either because their Indiana license is no longer active or they are licensed by another state, may obtain temporary authorization to provide healthcare services as outlined below: (g) Out-of-State Healthcare Professionals: Individuals who are currently licensed by another state were previously authorized to provide healthcare services in Indiana pursuant to Executive Order 20-05.  
[EO 20-45] - As provided by Executive Orders 20-13... any individual... who received an initial and/ or subsequent 90-day temporary authorization to provide health care in the State of Indiana in response to this public health emergency because he or she was not currently licensed to practice in the state, either because their Indiana license is no longer active or they are licensed by another state, is granted an additional 90-day authorization to continue to provide health care services during this public health emergency. All application procedures for reinstatement or approval will be reinstated and must be followed upon expiration of these temporary licenses or the lifting of the COVID-19 public health emergency.  
[EO 20-45] - Registration Requirement for Certain Indiana or Out-of-State Health Care Providers: Professionals who are granted a temporary license to provide health care services in the state in response to this public health emergency must register with the PLA via their website at [www.in.gov/pla](http://www.in.gov/pla).  
Re: license verification - Waiver of Out-of-State Licensure Verification by Board: The Indiana Medical Licensing board is temporarily waiving the application of 844 IAC 4-4.5-7(a)(8) insofar as it requires applicants for licensure who are licensed in another state to have verification sent by the state that issued that license directly to the board. This waiver is temporary during the public health emergency and will be effective immediately once the emergency is lifted.  
Status – Active, currently scheduled to expire September 30, 2021 per [EO 21-17]. According to the [IPLA](https://www.in.gov/pla), “The State of Indiana has created a registry of individuals who do not hold a valid license to practice in Indiana but can be mobilized to help fight COVID-19 by issuing temporary permits to practice. **Any individual who utilizes the registry may work initially for 90 days (extendable in 30-day increments) or until the public health emergency is over.** Once the emergency is over, their license will expire, and all existing application procedures must be followed such as taking the appropriate licensure exam and passing a criminal background check. This registry will be open to: Out-of-state healthcare practitioners; retired healthcare professionals; and recent graduates of accredited medical, registered nursing, pharmacy, physician assistant, and respiratory care programs.” |
<p>| Iowa | A physician may practice medicine/telemedicine in Iowa without an Iowa medical license on a temporary basis to aid in the emergency, if a physician holds at least one active medical license in another United State jurisdiction, and all medical licenses held by a physician in other United States jurisdictions are in good standing, without <a href="https://www.in.gov/pla">Board of Med Emergency Declaration</a>. |</p>

| Louisiana     | On March 31, 2020, Gov. Edwards signed a proclamation that eases medical licensure laws to make it easier for health care professionals out of state to come to Louisiana to practice during the COVID-19 outbreak.  
[Proc. 38] – An individual physician who holds a full, unlimited and unrestricted license to practice medicine in another U.S. state, territory, or district and has unrestricted hospital credentials and privileges to any U.S. state, territory, or district, may practice medicine at a hospital that is licensed by the Louisiana Department of Health upon the following terms and conditions: 1) The licensed hospital verifies all physicians’ credentials and privileges; 2) The hospital... keep a list of all the physicians coming to practice at the hospital and provide the list to the LSBME...  
The licensed Louisiana hospital shall verify all physicians’ credentials and privileges; the hospital shall keep a list of all physicians coming to practice... and provide written notice to the LSBME of the date the physician stopped practicing medicine in Louisiana.  
The Louisiana State Board of Medical Examiners has an emergency temporary permit application on their website for licensed out-of-state medical professionals seeking a temporary, voluntary license for an emergency event in the state of Louisiana.  
Status – Active, in addition, licenses will expire 90 days after the PHE, currently scheduled to expire on September 1, 2021, per 145 JBE 2021. “For an orderly transition and continuity of care for Louisiana citizens, the LSBME will extend the duration of all temporary permits issued during the Covid public health emergency until 90 days after the termination of the declared health care emergency, whenever that is determined by the governor or the judicial branch of the state of Louisiana.” (LBSME Guidance). | Press Release

### Maryland

- **To respond to the catastrophic health emergency, licensing, certification and credentialing of health care practitioners must be modified to expand the practice capabilities, permissions, and authorizations of those who already hold a Maryland license and those who are licensed in other states; To expand such practice capabilities, permissions, and authorizations, and protect the public health, welfare and safety, it is necessary to suspend certain State and local statutes, rules and regulations.**
- **During the state of emergency and catastrophic health emergency, a hospital may need to appoint to its medical staff physicians and other healthcare practitioners to provide services for which the practitioner does not have an appropriate Maryland license.**
- **The expiration date of all temporary health care licenses that would otherwise expire during the state of emergency and catastrophic health emergency is hereby extended to the date on which the state of emergency has been terminated.**
- **Re: prescribing controlled substances – Maryland law requires that licensed healthcare practitioners have a Maryland controlled dangerous substances (CDS) registration in order to prescribe CDS.**
- **Re: renewals - Because renewing expiring permits or licenses often requires the public to enter public buildings and interact with state employees; all licenses, permits, registrations, and other authorizations issued by the state, its agencies or any political subdivision that would expire during the current state of emergency will be extended until the 30th day after the state of emergency is lifted.**
- **Re: Maryland Medicaid - Maryland Medical Assistance Program (Maryland Medicaid) is temporarily not enforcing the COMAR 10.09.36.02 requirement to “be licensed and legally authorized to practice or deliver services in the state in which the service is provided.” The Program will not suspend any Medicaid providers whose licenses are set to expire until the state of emergency ends.**
- **Status – Inactive, out-of-state waivers expired August 15, 2021, per Board of Physicians Guidance.**

### Massachusetts

- **With the Governor declaring a State of Emergency, the Board of Registration in Medicine has established an Emergency Temporary License Application for out-of-state physicians to assist in meeting the increased demand for physician services in Massachusetts.**
- **To qualify for an Emergency Temporary License a physician must hold an active full, unlimited and unrestricted medical license in good standing in another state of emergency.**

U.S. state/territory/district. "Good standing" shall not include a license that has been revoked, cancelled, surrendered, suspended, or is subject to disciplinary restrictions.

- Re: renewals - For all active physicians and acupuncturists scheduled for license renewal from March 17 to August 31 who have not yet renewed, pursuant to COVID-19 Order No. 41, Order Authorizing The Reopening of Child Care Programs and Rescinding Eight COVID Orders, the renewal date for licensure has been extended to October 8, 2020. Physicians scheduled to renew their licenses beginning on September 1, 2020 are required to renew in the ordinary course.

- [5/18/21 Update] Re: end of State of emergency - And the state of emergency that's been in place since March 10, 2020 will be lifted June 15, [2021]. Gov. Charlie Baker announced late [May 17]. [Article].

- Status – Inactive – the state of emergency was rescinded on June 15, 2021, ending the temporary license waiver. [Article].

---

**Michigan**

Michigan law provides: “Under the circumstances and subject to the limitations stated in each case, the following individuals are not required to have a license issued under this article for practice of a health profession in this state: (c) An individual who by education, training, or experience substantially meets the requirements of this article for licensure while rendering medical care in a time of disaster...” (MCL 333.16171). This provision does not require an individual apply for or be granted an exemption by the Department.

- [EO 2020-30] - (3) Any and all provisions in Article 15 of the Public Health Code are temporarily suspended, in whole or part, to the extent necessary to allow health care professionals licensed and in good standing in any state or territory in the United States to practice in Michigan without criminal, civil, or administrative penalty related to lack of licensure. A license that has been suspended or revoked is not considered a license in good standing, and a licensee with pending disciplinary action is not considered to have a license in good standing. Any license that is subject to a limitation in another state is subject to the same limitation in this state... (8) Any law or regulation is temporarily suspended to the extent that it requires for any health care professional, as a condition of licensure, certification, registration, or the renewal of a license, certification, or registration: (A) An exam, to the extent that the exam’s administration has been canceled while the emergency declaration is in effect... (C) Continuing education while the emergency declaration is in effect.

The order also empowers LARA to ensure an adequate supply of care providers during the emergency by granting the department additional flexibility in its decisions about licensing, registration, and workflow requirements.

- Re: renewals - Effective immediately... LARA may renew a license to practice... regardless of whether the licensee has satisfied the continuing education requirement applicable to their license...

- Re: Ending out of state waivers - On July 13, 2020, Gov. Whitmer issued Executive Order 2020-150 to rescind a previous order (Executive Order 2020-61) that had permitted... health care professionals who are licensed in good standing in other states or United States territories to practice in Michigan without criminal, civil or administrative/licensure penalties for lack of Michigan licensure.

---

**Minnesota**

On April 25, 2020, Governor Walz signed Emergency Executive Order 20-46 authorizing qualified out-of-state healthcare professionals to render aid in Minnesota to meet the healthcare needs of Minnesotans during the COVID 19 peacetime emergency... (1) EO 20-46 applies only to out-of-state healthcare professionals who, to practice in their profession in Minnesota, would otherwise be required to obtain a license from the Minnesota Board of Medical Practice... (2) Out-of-State Healthcare Professionals who hold an active, relevant license, certificate, or other permit in good standing issued by a state of the United States or the District of Columbia... (3) Before rendering any aid... [providers] must be engaged with a healthcare system or provider, such as a hospital, clinic, or other healthcare entity, in Minnesota. (4) A [Minnesota] healthcare system or provider must verify that each Out-of-State Healthcare Professional holds an active, relevant license, certificate, or other permit in good standing... (5) A [Minnesota] healthcare system or provider... must file a report with the Minnesota Department of Health, no later than 60 days after termination of the peacetime emergency... EO 20-46 does NOT require a Board process, such as an application, registration, or verification.

| Mississippi   | [EO 2020-107] Re: out-of-state pharmacists - I authorize and request Out-of-State Pharmacists who hold an active, relevant license, certificate, or other permit in good standing issued by a state of the United States or the District of Columbia to administer COVID-19 vaccines in Minnesota until March 23, 2021 or until the peacetime emergency declared in Executive Order 20-01 is terminated, whichever occurs first. Before administering vaccines in this State, Out-of-State Pharmacists must be engaged with a healthcare system or provider, such as a hospital, clinic, pharmacy, or other healthcare entity, in Minnesota.  
**Status – Inactive**, the Minnesota peacetime emergency declared in Executive Order 20-01, expired August 1, 2021, per 6/25 announcement. (Article),  
State Resource Page |
| Missouri      | [10/26 Proc.] – Effective immediately, the previous COVID proclamations (3/15, 3/24 and 4/5) are hereby superseded... regular licensing shall be resumed.  
[Em. Dec.] - All healthcare professionals and assisting personnel executing in good faith under the “alternative standards of care” are hereby declared to be “Emergency Management Workers” of the State of Mississippi for the purposes of Miss. Code Ann. Title 41.  
[MSBML Guidance] - Provided that the out-of-state physician holds an unrestricted license to practice medicine in the state in which that physician practices and currently is not the subject of an investigation or disciplinary proceedings, the Board waives any and all MS licensing requirements for the said physician.  
**Status – Inactive**, waivers no longer active per 10/26 Proclamation.  
Missouri DCI Press Release  
Emergency Declaration  
MSBML Guidance re: OOS Licensing  
Emergency Licensing Form  
State Resource Page |
| Montana       | Governor Parson has approved a waiver that grants full reciprocity for physicians and surgeons who wish to assist Missourians during the COVID-19 crisis. During this State of Emergency, physicians and surgeons who are licensed in another state can provide care to our citizens, in person or using telehealth options, as long as they are actively licensed in another state and their license has not been disciplined.  
Licensed professionals who wish to come to Missouri to assist with COVID-19 are not required to meet the requirements listed in the table below if their practice is solely related to COVID-19. Physicians that fall under these licensure waivers do not have to make application or notify the Board of their intent to practice in Missouri. They may be required to show proof of licensure in another state to the employers and third-party payers. (20 CSR § 2150-2.030).  
**Status – Active, until the end of the COVID-19 emergency**, currently scheduled to expire August 31, 2021 per EO 21-07.  
Board of Med Guidance Executive Order 3/20  
MCA § 10-3-118 Temporary License Application Portal

MT Executive Orders State Resource Page |
| Montana       | Pursuant to § 10-3-118, MCA, the Montana Department of Labor and Industry may provide interstate license recognition whenever a state of emergency or disaster is in effect by registering professionals who possesses an active, unrestricted license in another state.  
The Montana Department of Labor & Industry has implemented a COVID-19 Emergency Healthcare Registration for out-of-state healthcare licensees requesting to actively work in Montana for a defined period of time. The Department will evaluate your home state license(s) according to licensing regulations in Montana, to verify it is currently active, unrestricted, and in good standing, and issue you a registration to work in Montana.  
**Status – Inactive**, the Montana State of Emergency was rescinded on June 30, 2021, per EO 2021-10.  
Press Release re: Waivers  
Executive Order 20-10  
EO 20-10 FAQs  
State Resource Page |
| Nebraska      | [On March 27] Governor Pete Ricketts issued an executive order to expedite the entry of medical professionals into the workforce... the order is to prepare for the possibility of a surge in COVID-19 cases and/or the unavailability of some medical professionals due to quarantine restrictions... The Governor’s order... defers the requirements for healthcare providers to pay initial licensing fees or to complete continuing education. Additionally, the Governor is temporarily waiving the restrictions on licensed out-of-state medical professionals working in Nebraska.  
Re: renewals - Licenses due to be renewed during the declared emergency will be extended until 30 days after Executive Order 20-10 is no longer in effect. Renewal notices will then be sent, and licensees will have 90 days to renew by attesting to meeting the continuing education requirement and paying the renewal fee.  
**Status – Inactive**, waivers expired 30 days after the end of the COVID-19 emergency, which was rescinded on June 30, 2021, per Gov. Rickett’s 6/28 announcement, meaning the waivers expired July 30, 2021.  
State Resource Page |
| Nevada        | Professional licensing boards regulating providers of medical services shall temporarily waive certain licensing requirements to allow the practice of currently unlicensed skilled medical professionals during the pendency of the COVID-19 crisis... including without limitation, medical doctors, physician assistants... The waiver and exemption of

NH Executive Orders  
State Resource Page                                                                                                                                                                                                                   |
| New Jersey    | In response to the on-going COVID-19 state of emergency, the State of New Jersey has waived certain regulatory provisions regarding licensure of health care practitioners through reciprocity. These waivers will allow health care providers licensed in other states to obtain New Jersey temporary licensure and provide services to New Jersey patients either through telemedicine, pursuant to P.L. 2017, c. 117, or in-person. The following boards have temporarily waived criminal history background check and fee for licensure requirements, among other requirements: State Board of Medical Examiners  
New Jersey will waive a host of regulatory requirements for healthcare professionals licensed in other jurisdictions to become licensed in New Jersey and offer services to New Jersey residents, including telemedicine and telehealth services. The waivers will apply during the public health emergency related to COVID-19.  
Status – Inactive, “This notice is to advise you that the Division of Consumer Affairs is modifying the previously announced terms of the Temporary Emergency Reciprocity Licensure Program for out-of-state licensed health care practitioners. Specifically, all licenses that have previously been issued – all of which are currently scheduled to expire on February 28, 2021 – will have their expiration date extended through June 30, 2021, provided that the Public Health Emergency remains in place. However, the PHE expired June 4, 2021, per EO 244, so the waivers are now inactive.               | NJ DCA Guidance

| New Mexico    | The Department of Health and the Department of Homeland Security and Emergency Management shall credential out-of-state professionals who can render aid and necessary services during the pendency of this order. NMSA 1978 §§ 12-10-10.1 through 12-10-13.  
NM Stat § 12-10-11: During an emergency, a person who holds a license, certificate or other permit that is issued by a state or territory of the United States and that evidences the meeting of qualifications for professional, mechanical or other skills may be credentialed, if appropriate and approved by the department of health or the homeland security and emergency management department, to render aid involving those skills to meet an emergency, subject to limitations and conditions as the governor may prescribe by executive order or otherwise.  
Re: renewals - For renewal of licenses, should providers find they are unable to complete required 75 CME's for renewal, an extension of 3 months can be provided upon request for an "emergency deferral." Licensees must petition the board prior to the renewal date for an "emergency deferral" if they find they cannot obtain the proper amount of CMEs.  
Status – Active, until gubernatorial rescission, currently scheduled for September 15, 2021, per EO 2021-049.                                                                 | Emergency Declaration

| New York      | [FAQs] - Pursuant to Executive Order 202.5, any physician currently licensed and in current good standing in another state may immediately practice medicine in New York State without civil or criminal penalty related to lack of licensure.                                                                                                                                                                                                 | Executive Order 202.5     |
• [EO 202.5] - Sections 6512 through 6516, and 6524 of the Education Law and Part 60 of Title 8 of the NYCR, to the extent necessary to allow physicians licensed and in current good standing in any state in the United States to practice medicine in New York State without civil or criminal penalty related to lack of licensure; Section 6502 of the Education Law and Part 59.8 of Title 8 of the NYCR, to the extent necessary to allow physicians licensed and in current good standing in any province or territory of Canada, to practice medicine in New York State without civil or criminal penalty related to lack of licensure.

• [EO 202.18] Re: allowing Canadian physicians to practice in state - Sections 6512 through 6516, and 6524 of the Education Law and Part 60 of Title 8 of the NYCR, to the extent necessary to allow physicians [and physician assistants] licensed and in current good standing in any province or territory of Canada, to practice medicine in New York State without civil or criminal penalty related to lack of licensure.

**North Carolina**

• [Gov. Cooper] hereby temporarily waive[s] North Carolina licensure requirements for health care and behavioral health care personnel who are licensed in another state, territory, or the District of Columbia to provide health care services within the Emergency Area.

• In light of the anticipated duration of the COVID-19 pandemic, NCMB has extended the expiration dates of certain emergency temporary licenses issued during the declared state of emergency. The decision extends the timeline for emergency licenses issued to 30 days after the current state of emergency is lifted. This change will allow anyone with a Limited Emergency License (namely, out-of-state clinicians who have obtained temporary licensure to assist in North Carolina) to have a ‘wind down’ period before his or her license to practice medicine in North Carolina expires.

• **Status – Active**, expires 30 days after the end of the COVID-19 emergency, which is currently ongoing.

**North Dakota**

• The licensure requirements for health care or behavioral health professionals licensed under the following Chapters of the North Dakota Century Code are hereby suspended... Chapter 43-17 (Physicians and Surgeons)... **who are licensed and in good standing in other states**, as needed to provide health care and behavioral health services, to include telehealth care, for citizens impacted by COVID-19, subject to identification, verification of credentials and other temporary emergency requirements.

• **Status – Inactive**, the North Dakota state of emergency was rescinded on April 30, 2021 ([Article](https://www.governor.nd.gov/news/nd-governor-rescinds-state-emergency)). EO 2021-09 rescinded prior Covid executive orders.

**Northern Mariana Islands**

• Existing CNMI law holds that “A physician licensed to practice in a foreign country other than Canada may be granted a license to practice subject to the requirements and conditions provided in regulations of the Board... (b) The Board shall provide regulation of the practice of a regulated physician in the Commonwealth by a professional licensed to practice in a foreign country with acceptable education, training, examination results and experience comparable to that of a person who is otherwise qualified for licensure under this Chapter...” (Health Care Professions Licensing Act of 2007).

**Ohio**

• Dr. Schottenstein [President, Board of Medicine] wished to address the potential need for expanding Ohio’s health care provider workforce... Ohio may find itself needing physicians and physician assistants who are licensed in other states but not licensed in Ohio. With respect to the licensing out-of-state physicians, it was Dr. Schottenstein’s understanding that the Board can work with the State’s Emergency Management Agency (EMA), in a declared emergency, to make out-of-state licensed physicians eligible to practice in Ohio in response to the declared emergency. It was also Dr. Schottenstein’s understanding that out-of-state physician assistants are already covered for this type of reciprocity in Ohio Revised Code 4730.04. Dr. Schottenstein asked the Board to consider a motion allowing Board staff to work with the EMA, or any other governmental entity identified as a necessary party, to quickly license out-of-state physicians to respond to the COVID-19 emergency in Ohio. Motion that the Board authorizes Board staff to work with the State Emergency Management Agency to effectuate Ohio licensure eligibility for out of state doctors who are called upon to respond to the COVID-19 emergency in Ohio **carried**.

• The Board authorizes board staff to work with the State Emergency Management...
Agency, or other governmental entities as identified, to effectuate Ohio licensure eligibility for out of state doctors who are called upon to respond to the Covid-19 emergency in Ohio.

- Re: Emergency Licensure: Ohio does not have a legal mechanism to allow out-of-state licensees to practice in Ohio or to automatically reactivate inactive licensees. Board members were surveyed for opinions and comfort level. In the event the Medical Board is provided the legal authority to allow out-of-state licensees or inactive licensees who reactivate their licenses to practice, the responses showed the board is comfortable with issuing emergency licenses with necessary parameters.

- **Ohio licensure during the state of emergency** - The Medical Board has received many inquiries regarding temporary licensure during the state emergency. **Please be aware, Ohio law does not currently offer emergency or temporary licensure for out-of-state physicians.** Unless an exemption applies (Ohio Revised Code 4731.36), physicians must hold an active Ohio license to practice medicine in the state of Ohio.

- Re: renewals - Providers with a Medical Board license set to expire between March 9, 2020 and November 30, 2020 were granted an extension because of the COVID-19 emergency. Those licenses will now expire December 1, 2020.

- [2/5/21 Update] re: renewals - House Bill 404, signed by Gov. DeWine on November 23, 2020, extends the renewal date for Medical Board licensees whose licenses were set to expire during the period of emergency (March 9, 2020 – April 1, 2021) now have until July 1, 2021 to renew their license.

- **Status** – Ohio has no waivers for license reciprocity.

---

**Oklahoma**

- [Med. Board] - Any medical professional who holds a license, certificate, or other permit issued by any state that is a party to the Emergency Management Compact evidencing the meeting of qualifications for the practice of certain medical services... shall be deemed license to practice in Oklahoma so long as this order is in effect.... b) Any medical professional intending to practice in Oklahoma... must receive approval from appropriate Board; c) It is the responsibility of each Board to verify the license status of any applicant... All occupational licenses... shall be extended so long as this Order is in effect. All occupational licenses extended during this Order will expire fourteen days following the termination of this Order.

- [Osteo. Board] - Item number 6 from the Governor’s Amended Executive Order, 2020-7, allows for the temporary licensing of physicians. The criteria are as follows: 6. Any medical professional who holds a license, certificate, or other permit issued by any state that is a party to the Emergency Management Compact evidencing the meeting of qualifications for the practice of certain medical services... shall first apply with and receive approval from appropriate Board... responsibility of each Board to verify the license status... shall be subject to the oversight and jurisdiction of the licensing Board

---

**Oregon**

- Officials said the declaration will allow the health authority to bring in emergency volunteer healthcare professionals to add service, especially in rural communities.

- During a state of emergency, the Oregon Medical Board (OMB) allows physicians and physician assistants licensed in another state to provide medical care in Oregon under special provisions. Out-of-state health care professionals who wish to provide care in Oregon during this time must complete this authorization application.

- The first part of the rule lifts current administrative restrictions from Emeritus and Locum Tenens physicians and physician assistants (PAs). During this emergency, Emeritus licensees are no longer restricted to volunteer practice only, and may receive payment for their medical care; Locum Tenens licensees are no longer limited to 240 days of practice per biennium and may now provide care in Oregon indefinitely. The emergency rule also allows out-of-state physicians and PAs to apply to practice in Oregon if they are actively licensed and in good standing in another state.

- Re: permanent waivers - The OMB proposed making the above two rules permanent, so that during future national disasters, the process of activating out-of-state physicians and PAs, as well as emeritus, locum tenens, inactive and retired physicians and PAs can be streamlined. [OMB Summer 2020 Newsletter, see OAR 847-010-0068]

- Re: renewals - Renewing a Lapsed License for 2021: Physicians, podiatric physicians, and physician assistants whose licenses have lapsed may submit a late renewal application now through March 31, 2021. A $195 late fee was assessed on January 1, 2021, for all lapsed licenses.

- **Status - Inactive**, the Oregon State of Emergency was rescinded June 28, 2021, per EO
**Pennsylvania**

- Governor Wolf granted the Department of State’s request for a suspension to allow expedited temporary licensure to practitioners in other states to provide services to Pennsylvanians, for the duration of the coronavirus emergency. The Governor suspended several “administrative requirements” in order for the Department to grant temporary licenses on an expedited basis to out-of-state practitioners. After the applicant seeking a temporary license has demonstrated they are licensed by and in good standing with their home state, Bureau of Professional and Occupational Affairs (BPOA) may suspend the requirements for letters of good standing, criminal history record checks, National Practitioner Data Bank reports, and any other requirement deemed by BPOA as “administrative” in nature.

- **[12/21/20 Update]** - Additionally, emergency temporary licenses granted to licensed practitioners in other states and jurisdictions have been extended. These licenses became available as a result of a waiver issued March 18, 2020, enabling out-of-state practitioners to practice within the Commonwealth during the declared state of emergency. All emergency temporary licenses issued pursuant to that waiver were assigned an expiration date of December 31, 2020... To retain as many of these practitioners as possible during the declared state of emergency, the Governor has approved the Department’s request to **extend the expiration date for emergency temporary licenses to June 30, 2021**.

- It should be noted, however, that the new expiration date of June 30, 2021, will **not** be further extended. Any new out-of-state applicants who apply for and meet the requirements for an emergency temporary license will be issued a license bearing that same expiration date, June 30, 2021. All individuals with emergency temporary licenses who wish to continue practicing in Pennsylvania after June 30, 2021, will have to submit an application for a full, unrestricted license and meet all license requirements prior to that date.

- **Status - Active** until September 30, 2021, per HB 854. ([Board of Medicine Guidance](https://www.dos.pa.gov)).

---

**Puerto Rico**

- Existing PR law holds that “The Board may grant a provisional license to any physician who legally practices medicine in other state[s] or jurisdiction[s], contingent upon the request by the physician to the Board and on condition that the physician comes to the Commonwealth of Puerto Rico to assist in emergency services during a disaster, as authorized by the Department of Justice. The Department of Health shall approve regulations to such effect.” (P.R. Laws tit. 20, § 133g)

---

**Rhode Island**

- The Rhode Island Department of Health is accepting out-of-state emergency licensure applications for physicians, as well as Emergency Medical Technicians, Dieticians/Nutritionists, PNs, RNs, APRNs, nursing assistants and nursing students (valid for 90 days, renewable once. Professionals who wish to practice beyond the 180 days must fulfill all qualifications and requirements under the regulations for their profession).

- Re: renewals - Medical licenses due to expire July 1, 2020, are granted a 90-day extension for renewal with no penalties or late fees.

- **[6/22/21 Update]** re: **recession of OOS physician waivers** - RIDOH would like to thank all those health professionals who have helped Rhode Islanders during the COVID 19 pandemic. After careful review only licensees that are directly treating patients with COVID 19 will be eligible to renew their 90-day emergency license. Those license types are Nursing Assistants, APRN, Registered Nurse, Practical Nurse, Emergency Medical Technician, Emergency Medical Responder and Paramedic.

- If you are providing telehealth services to a patient who lives in Rhode Island, and you wish to continue providing treatment you must apply for a full Rhode Island license or the patient must **obtain treatment from a provider who holds an active Rhode Island license**.

- **Status – Inactive** per RIDOH Guidance.

---

**South Carolina**

- South Carolina will issue “emergency” nursing and medical licenses to combat the COVID-19 pandemic... The state medical board can expedite temporary licensure for out-of-state physicians, physician assistants and respiratory care practitioners within 24 hours. There is no fee for these 90-day temporary licenses.

- Re: renewals - As of today, we are extending the license renewal deadline for licenses, registrations and permits scheduled to renew during the months of April, May, June, July and August. The new renewal deadline will now be extended to September 30, 2020.

- **Status – Inactive**, the state’s emergency declaration expires June 6, 2021, per EO 2021-25. ([Article](https://www.scdhhl.gov/)).

<tbody>
<tr>
<td><strong>South Dakota</strong></td>
<td>Pursuant to [S.D. Code], [Gov. Noem] will grant full recognition to the licenses held by a professional by any compact member state, in accordance with the Uniform Emergency Management Assistance Compact (EMAC) should those facilities require additional professionals to meet patient demand during the COVID-19 emergency, whether in-person or by remote means. Emergency Management Assistance Compact - On March 23, 2020, Gov. Noem issued Executive Order 2020-07 which recognizes the licenses of medical professionals licensed in another state in accordance with the EMAC. The following professions licensed in other states have the authority to practice in SD based on an active license in another state. They do not need to gain another license in SD. The Board of Medical and Osteopathic Examiners recommends that if you are utilizing services of one of the professionals licensed in other states that you verify the licensure status of that individual (License verifications)… Physicians and Surgeons (SDCL 36-4), Physicians Assistants (SDCL 36-4A)… [EO 2020-16] – I hereby suspend… the statutory provision… requiring healthcare providers to obtain a South Dakota controlled substance license… so long as the individual possesses a federal DEA controlled substance registration… Status – Inactive, the South Dakota State of Emergency expired June 30, 2021, per EO 2020-34 and was not renewed.</td>
</tr>
<tr>
<td><strong>Tennessee</strong></td>
<td>The relevant provisions of Tennessee Code Annotated, Titles 63 and 68, and related rules are hereby suspended to the extent necessary to allow the Commissioner of Health the discretion to allow a health care professional who is licensed in another state, and who would otherwise be subject to licensing requirements under Title 63 or Title 68, to engage in the practice of such individual's profession in Tennessee, if such individual is a health care professional who is assisting in the medical response to COVID-19. The provisions of Tennessee Code Annotated, Section 68-11-201(20), are hereby suspended to the extent necessary to allow health care professionals who would otherwise be subject to licensing requirements to provide localized treatment of patients in temporary residences. Re: renewals - Rules are hereby suspended to the extent necessary to extend the current expiration dates for health care professionals and facilities to renew their license, certificate, or registration set to expire between March 12, 2020, and the date on which this Order terminates for three (3) months, during which time the holder of each license, certification, or registration may continue to legally operate or practice their profession. Status – Inactive, waivers allowing out-of-state healthcare professionals were not included in EO 81.</td>
</tr>
<tr>
<td><strong>Texas</strong></td>
<td>Gov. Abbott directed the Texas Medical Board (TMB) and the Texas Board of Nursing (TBN) to fast-track the temporary licensing of out-of-state physicians, physician assistants, certain retired physicians, nurses, and other license types. The TMB is allowing out-of-state physicians to obtain a Texas limited emergency license via two options: (1) hospital to hospital credentialing or (2) the issuance of an emergency license based on written verification of a physician licensed in Texas. Re: renewals - For current license holders, the Texas Medical Board (TMB) will automatically extend any medical licenses expired or set to expire between February 28, 2020 and May 31, 2020 until August 31, 2020 and waive any late fees. (TMB Guidance). [8/10/21 Update] re: OOS healthcare providers - Governor Abbott [August 9] announced a series of actions the State of Texas is taking to mitigate the recent rise in COVID-19 cases in Texas. The Texas Department of State Health Services (DSHS) will be utilizing staffing agencies to provide medical personnel from out-of-state to Texas health care facilities to assist in COVID-19 operations. [Proclamation]. Status – Active, until 30 days after the end of the Texas State of Emergency, which is currently scheduled to August 31, 2021, per 7/30 Proclamation.</td>
</tr>
<tr>
<td><strong>Utah</strong></td>
<td>A physician who is licensed and lawfully practicing medicine in another U.S. state or territory without restrictions or conditions may practice in Utah for the duration of the declared emergency by obtaining a DOPL Time-limited Emergency License. Time-limited Emergency Licenses expire upon the earlier of 180 days, 30 days from the end of the declared emergency, or upon 10 days’ notice from DOPL. All fees are waived. An individual serving in the U.S. armed forces, the U.S. Public Health Service, the U.S. Department of Veterans Affairs, or other federal agency may practice in Utah as a part of employment with that federal agency if the individual holds a valid license to practice issued by any other state or jurisdiction recognized by the division. No DOPL application required.</td>

- [6/22/21 Update] – From the DOPL: Healthcare professionals who do not hold a current Utah license may work in Utah within their scope of practice under the following temporary emergency exemptions and other existing exemptions. See Utah Code §§ 58-1-307 and 58-81-101 et. seq.
- Status – Active, until end of Utah State of Emergency, currently ongoing per 10/14 DOH Public Health Order.

Special provisions for the COVID-19 public health emergency have been passed to facilitate practice in Vermont by healthcare professionals who are not licensed in Vermont. This sets forth information for physicians (MD), physician assistants, and podiatrists. There are two different paths available to be able to practice during the emergency, “deemed” and “emergency”, both are expedited and free. [Note: Out of state practitioners practicing in person can only apply for the emergency license.]

- Those who do not qualify to be deemed licensed may apply for an emergency license. There is no fee for an emergency license and the process to apply involves much less than our normal licensing process. Emergency licenses will be valid for 90 days or the duration of the declared emergency, whichever is shorter, but may be reissued. The groups who would need to get an emergency license (because they cannot be deemed licensed) are: (1) Holders of full licenses in other states who plan to practice in Vermont and who will not limit their practice exclusively to telemedicine or practice on the staff of a licensed facility. To be eligible for an emergency license all licenses held must be in good standing and you must not be subject to professional disciplinary proceedings in any other US jurisdiction (license is not suspended, revoked, or subject to limitations or conditions as result of a disciplinary action, or formal charges issued. Notice only of an investigation is not disqualifying.)
- VT H. 960, which was signed into law on July 6, ensures that physicians licensed out-of-state will be able to practice in-person or provide telemedicine or to Vermont residents until March 31, 2021.
- Status – [For “deemed” licensees] - On March 29, 2021, Gov. Phil Scott signed S. 117, which extends pandemic-related waivers until March 31, 2022; including reimbursement parity for audio-only telephone, early prescription refill, authorization to prescribe buprenorphine, and allowing healthcare professionals licensed in other jurisdictions, as well as professionals with inactive licenses, to practice in VT as a volunteer member of the Medical Reserve Corps or as part of the staff of a licensed facility or federally qualified health center.
- [6/22/21 Update] re: emergency licensees – The Vermont State of Emergency expired on June 15, 2021. (Press Release). Temporary emergency licenses are valid only through the end of the declared State of Emergency. The reason why the expiration date for temporary emergency licenses is tied to the end of the State of Emergency is that they are covered by a different law (26 V.S.A. § 1353(11)).

US. Virgin Islands

- USVI is party to the Uniform Emergency Volunteer Health Practitioners Act (UEVHPA), which allows state governments, during a declared emergency, to give reciprocity to other states’ licensees so that covered individuals may provide emergency health services without meeting the disaster’s state’s licensing requirements.
- Status – Active, scheduled to last until Gubernatorial recession per 8/29 EO.

Virginia

- [Board Brief #91] - Governor Northam’s Executive Order 57 allowed practice by out-of-state health care professionals and expanded authority for physician assistants, nurse practitioners, interns/residents/fellows/senior medical students...
- In response to Governor Northam’s declared state of emergency regarding COVID-19, and as authorized by Executive Order 42, a license issued to a health care practitioner by another state, and in good standing with such state, shall be deemed to be an active license issued by the Commonwealth to provide health care or professional services as a health care practitioner of the same type for which such license is issued in another state, provided such health care practitioner is engaged by a hospital, licensed nursing facility, or dialysis facility in the Commonwealth for the purpose of assisting that facility with public health and medical disaster response operations. Hospitals, licensed nursing facilities, and dialysis facilities must submit to the applicable licensing authority each out-of-state health care practitioner’s name, license type, state of license, and license identification number within a reasonable time of such healthcare practitioner arriving at the applicable health care facility in the Commonwealth.
• COVID-19 - Expedited Licensure: During the declared coronavirus emergency in Virginia, the board of medicine is streamlining its licensing process for the following professions: medicine and surgery, osteopathic medicine and surgery, physician assistant... in addition, the Board already has an expedited licensure by endorsement process for medicine and osteopathy applicants who: 1) Have practiced in another state for 5 years, 2) Are board certified.

• Status – Inactive, Gov. Northam stated he will allow the Virginia State of Emergency declaration to **expire June 30, 2021.** (Article).

---

**Washington**

• If volunteers are registered in the volunteer health practitioner system and verified to be in good standing in all states where they are licensed, they may practice in Washington without obtaining a Washington license once activated and assigned by DOH... Out-of-state practitioners may: (1) Become volunteers via RCW § 70.15 by registering and completing the Emergency Volunteer Health Practitioners Application; (2) Out of state MDs and DOs that would like an expedited Washington license and to volunteer, may use the Interstate Medical License Compact and become registered under RCW § 70.15.

• RCW § 70.15.050: “(1) While an emergency declaration is in effect, a volunteer health practitioner, registered with a registration system that complies with RCW 70.15.040 and licensed and in good standing in the state upon which the practitioner's registration is based, may practice in this state to the extent authorized by this chapter as if the practitioner were licensed in this state...”

• Re: renewals - The language of each statutory and regulatory provision specified below is hereby waived and suspended in its entirety: Barriers to continued and uninterrupted healthcare practice, including continuing education and other training requirements and license renewal deadlines.

• Re renewals - All licenses due to expire between April and September 2020 have been automatically renewed in response to the COVID – 19 pandemic and renewal fees are not due until October 1, 2020 for those renewals.

• Status – Active throughout the currently ongoing COVID-19 emergency, per Proclamation 20-05 (citing RCW § 70.15.050 “While an emergency declaration is in effect, a volunteer health practitioner, registered with a registration system... and licensed and in good standing in the state upon which the practitioner's registration is based, may practice in this state to the extent authorized by this chapter as if the practitioner were licensed in this state.”)

---

**Washington, DC**

• The District of Columbia is in immediate need of certain out of state healthcare providers to address the above concerns. However, the regular timeline for licensure and credentialing will significantly impede the ability of out of state providers to come to the District of Columbia and provide healthcare services... It is in the best interests of District residents that licensure requirements be waived during the period of this public health emergency to practitioners who are... properly licensed and in good standing in their home jurisdictions... the healthcare provider is only providing healthcare services to individuals at a licensed healthcare facility in the District of Columbia... It shall be the responsibility of any healthcare facility utilizing the services of a temporary agent to verify the credentials and license status to ensure they are in compliance with this Order.

• [7/19/21 Update] re: Valid waivers – A. Licensure, registration or certification requirements, permits and fees be waived for healthcare practitioners appointed as temporary agents of the District of Columbia... C. Any healthcare provider who is licensed in their home jurisdiction in their field of expertise who is providing healthcare to District residents shall be deemed a temporary agents of the District of Columbia... a. The healthcare provider is only providing healthcare services to individuals at a licensed healthcare facility located in the District of Columbia. This includes providing any services via telehealth... per 3/18/21 Revised Administrative Order.

• Status – Active, DC’s Public Health Emergency, which governs physician licensure waivers, was **terminated on July 25, 2021** per Mayor’s Order 2021-096. However, there is a 60-day grace period for the waivers, which will expire on September 25, 2021.

---

**West Virginia**

• Due to the State of Emergency declared by the Governor, physicians and/or physician assistants licensed in another state or who are inactive or retired from West Virginia practice may provide medical care in West Virginia under special provisions during the period of the declared emergency, subject to such limitations and conditions as the Governor may prescribe. Registrants may practice medicine in West Virginia consistent with their scope of practice and the standard of care, and may practice in person or via [MDs]: Registration for Emergency Practice

<td>• Status – Active, until the end of the COVID-19 emergency.</td>
<td>WVBOM Newsletter Fall 2020 (re: renewals)</td>
</tr>
<tr>
<td>• [EO 16] - Any health care provider with a valid and current license issued by another state may practice under that license and within the scope of that license in Wisconsin without first obtaining a temporary or permanent license from the Department of Safety and Professional Services (DSPS), so long as the following conditions are met: 1. The practice is necessary for an identified health care facility to ensure the continued and safe delivery of health care services; 2. The health care provider is not currently under investigation and does not currently have any restrictions or limitations placed on their license by their credentialing state or any other jurisdiction; 3. The identified health care facility's needs reasonably prevented in-state credentialing in advance of practice; 4. The health care provider practicing under this section must apply for a temporary or permanent health care license within 10 days of first working at a health care facility in reliance on this Section; and 5. The health care facility must notify DSPS... Any temporary license... that has been granted to a health care provider... shall remain valid for 30 days after the conclusion of the declared emergency, including any extensions.</td>
<td>State Resource Page</td>
</tr>
<tr>
<td>• [EO 20] - A health care provider who practices in reliance on Section I of Emergency Order #16 must continue to follow the process described therein, with the following modifications: 3. A health care provider must apply for a temporary or permanent health care license within 30 days of first working at a health care facility... 6. Any temporary license granted under this Order, or any otherwise valid license that expires during the public health emergency, shall remain valid for 30 days after the conclusion of the declared emergency, including any extensions. This 4/3/2020 order is retroactive to include licenses that were current before declaration of the public health emergency on March 12, 2020 in Executive Order #72 but have since expired...</td>

<tr>
<td>Wyoming</td>
<td>Physicians and physician assistants not licensed in Wyoming may qualify to work here during the declared public health emergency through the “consultation exemption.” If approved to do so, the physician or physician assistant is considered to be “consulting” with the State Health Officer. The exemption from licensure, if approved, will be valid until the earlier of the end of the Public Health Emergency or the termination by the State Health Officer of the physician’s or physician assistant’s “consultation.” Current, full and unrestricted licensure in at least one U.S. jurisdiction or country is required. The exemption is not automatic, requires approval of the Board of Medicine and the State Health Officer, and does not apply to all physicians and physician assistants.</td>
