U.S. States and Territories Modifying Licensure Requirements for Physicians in Response to COVID-19
(Out-of-state physicians in-person practice; license renewals)

Last Updated: December 18, 2020

**States with Waivers:** 44 + DC + GU + CNMI + USVI + PR

**States with Waivers, not allowing new applications:** 1

**States without Waivers:** 5

### Alabama
- The Alabama Board of Medical Examiners and the Medical Licensure Commission have adopted emergency administrative rules and procedures allowing for the emergency licensing of qualified medical personnel. These measures will allow physicians and physician assistants who possess full and unrestricted medical licenses from appropriate medical licensing agencies to apply for and receive temporary emergency licenses to practice in Alabama for the duration of the declared COVID-19 health emergency.
- **Re: renewals** - The Board and Commission recognize the difficulty licensees may have meeting the annual continuing medical education requirement in 2020 due to the public health emergency. Consequently, all licensees (MD/DO/PA/AA) are exempt for 2020 from the annual requirement to earn 25 credits for license renewal, and no compliance audit for these 2020 credits will be conducted. Credits earned in 2020 may not be “rolled over” to 2021 to meet the 2022 license renewal requirement.
- **Status** – Waivers currently rescinded – On July 20, 2020, the Board and Commission extended the expiration of existing and new emergency licenses to **November 17, 2020**. All temporary emergency licensees that wish to continue practicing in Alabama after Nov. 17 should apply now for permanent licensure through the Board (typically 2-3 months) or the **Interstate Medical Licensure Compact** (within 30 days). It is anticipated that licenses should be issued within 48 hours of receipt of application.

### Alaska
- On April 10, Gov. Dunleavy signed SB 241, which says, in part, "... Notwithstanding any other provision of law, during the public health disaster emergency declared by the governor... a professional or occupational licensing board... may grant a license, permit, or certificate on an expedited basis to an individual who holds a corresponding license, permit, or certificate in good standing in another jurisdiction to the extent necessary to respond to the public health disaster emergency. A license expedited under this section expires on the earlier of September 1, 2020; or the date the governor determines... that the public health disaster emergency no longer exists...”
- (j) The board, executive administrator, or the board’s designee may issue an emergency courtesy license... to an applicant who practices medicine or osteopathy... to provide emergency medical or mental health care within the scope and duration of the declared emergency; a courtesy license may be issued... to a person who (1) holds a current unencumbered license to practice as a physician, osteopath, PA... in another jurisdiction... (2) submits a completed application on a form provided by the department, and... in good standing and not under investigation in the jurisdiction in which the applicant resides.
- **Status** – Active, until the end of Alaska State of Emergency; currently scheduled to expire January 15, 2021 per 12/10 announcement.

### Arizona
- [MDs]: The Arizona Medical Board (AMB) announces the following available temporary emergency licenses for Physicians (MDs) to practice in Arizona and the extension of the time frame for renewal of MD licenses during the COVID-19 State of Emergency: MDs licensed in another state are eligible to apply for temporary licensure in the State of Arizona using the emergency temporary licensure application... All MD temporary emergency licenses expire after 90 days, or at the time the State of Emergency is declared to be over whichever shall occur first.
Arkansas

- Arkansas is party to the Uniform Emergency Volunteer Health Practitioners Act (UEVHPA), which allows state governments, during a declared emergency, to give reciprocity to other states’ licensees so that covered individuals may provide emergency health services without meeting the disaster’s licensing requirements.
- Status – Active, currently scheduled to expire December 31, 2020, per EO 20-51.

California

- Any out-of-state personnel, including, but not limited to, medical personnel, entering California to assist in preparation for, responding to, mitigating the effects of, and recovering from COVID-19 shall be permitted to provide services in the same manner as prescribed in Government Code section 179.5. The EMS Authority will only accept requests for out of state medical personnel approval from a California medical facility, telehealth agency contracted with a California medical facility or a staffing agency providing staffing to California medical facilities, that intends to utilize these resources.
- A medical facility, telehealth agency or staffing agency which desires to utilize medical professionals with out-of-state certifications or licenses during the COVID-19 State of Emergency shall submit the following to the EMS Authority prior to receiving approval: (A) A complete and signed “Request for Temporary Recognition of Out-Of-State Medical Personnel During a State of Emergency” form. (B) Email the temporary recognition form and supporting documents to the EMS Authority. (C) The California EMS Authority shall review and make a written determination. (D) The duration of the approval shall continue until the termination of the State of Emergency or the end date on the temporary recognition form, whichever comes first.
- re: renewals - Pursuant to the Governor’s Executive Order N-39-20, during the State of Emergency, the Director of the California Department of Consumer Affairs may waive any statutory or regulatory renewal requirements... for individuals whose active licenses expire between March 31, 2020, and December 31, 2020, the Director temporarily waives: 1. any statutory or regulatory requirement that individuals renewing a license pursuant to Division 2 of the Code take and pass an examination in order to renew a license; and, 2. any statutory or regulatory requirement that an individual renewing a license pursuant to Division 2 of the Code complete, or demonstrate compliance with, any continuing education requirements in order to renew a license
- Status – Active, EMS Authority’s ability to accept out-of-state personnel will be active for the duration of the emergency.

Colorado

- A physician or physician in training may temporarily practice without a Colorado license or physician training license under the following provisions of C.R.S. §12-240-107(3): The physician is licensed and lawfully practicing medicine in another state or territory of the United States without restrictions or conditions; does not otherwise have an established or regularly used medical staff membership or clinical privileges in Colorado.
- Re: expired license - A provider with an expired or lapsed license, registration, or certification may operate within a 60-day grace period without being subject to penalties or fines under C.R.S. §12-20-202(1)(e). Note: Medical professionals must be aware of reimbursement and liability concerns beyond the date of license expiration.
- Status – Active, currently scheduled to expire December 28, 2020 per EO D-2020-264.

Connecticut

- [Gov. Lamont] hereby order[s] the temporary suspension for a period of sixty consecutive days, of the requirements of licensure, certification or registration, pursuant to chapters... 370 (Medicine and Surgery)... to allow persons who are appropriately licensed, certified or registered in another state or territory of the United States or the District of Columbia, to render temporary assistance in Connecticut within the scope of the profession for which a provider is licensed. Each practitioner must maintain malpractice and other insurance and any entity that engages an out-of-state practitioner to provide services...

| Idaho | During the public health state of emergency, MDs, DOs, and PAs holding a license in good standing from another state or country are permitted to treat patients in Idaho without an Idaho license. This is permitted until the Governor declares that the public health emergency is over. Out-of-state practitioners treating Idaho patients are encouraged to notify the Board of their intent to practice in Idaho.  
Re: renewals - License or Permit Expiration and Renewal... Each license to practice medicine may be renewed prior to its expiration date by the payment of a renewal fee to the Board and by completion of a renewal form provided by the Board. In order to be eligible for renewal, a licensee must provide a current address and e-mail address to the Board and must notify the Board of any change of address or e-mail address prior to the renewal period. Licenses not renewed by their expiration date will be canceled.  
Re: renewals - If you are a licensed health professional with an extended expiration date of October 31, 2020, and you have not initiated renewal, your license has been cancelled.  
Status – Active until the end of the COVID-19 emergency, which, according to the Governor's 15th Supplementary Proclamation, is currently scheduled to expire December 31, 2020. |
| Illinois | Out-of-State physicians, nurses, physician assistants, pharmacists, and respiratory care therapists may practice in Illinois if they are licensed in another state and are in good standing. These licensees must be operating under the authority of IEMA/IDPH or at a long-term care facility, hospital or FQHC, and must meet the standards of care mandated by the respective health care acts. They must provide contact information and dates of arrival and departure on forms provided by IDFPR.  
Re: renewals - The state is automatically extending licenses through the end of September.  
Status – Active, currently scheduled to expire May 31, 2021, per 12/3 IDFPR Guidance. |
| Indiana | [EO 20-05] - Suspension of the requirement that a healthcare provider hold an Indiana license if he or she: (1) has an equivalent license from another State, and (2) is not suspended or barred from practice in that State or any State.  
[EO 20-13] - Individuals who seek to provide healthcare in the State of Indiana in response to this public health emergency who are not currently licensed to practice in the state, either because their Indiana license is no longer active or they are licensed by another state, may obtain temporary authorization to provide healthcare services as outlined below: (g) Out-of-State Healthcare Professionals: Individuals who are currently licensed by another state were previously authorized to provide healthcare services in Indiana pursuant to Executive Order 20-05.  
[EO 20-45] - As provided by Executive Orders 20-13... any individual... who received an initial and/or subsequent 90-day temporary authorization to provide health care in the State of Indiana in response to this public health emergency because he or she was not currently licensed to practice in the state, either because their Indiana license is no longer active or they are licensed by another state, is granted an additional 90-day authorization to continue to provide health care services during this public health emergency. All application procedures for reinstatement or approval will be reinstated and must be followed upon expiration of these temporary licenses or the lifting of the COVID-19 public health emergency.  
[EO 20-45] - Registration Requirement for Certain Indiana or Out-of-State Health Care Providers: Professionals who are granted a temporary license to provide health care services in the state in response to this public health emergency must register with the PLA via their website at www.in.gov/pla.  
Re: license verification - Waiver of Out-of-State Licensure Verification by Board: The Indiana Medical Licensing board is temporarily waiving the application of 844 IAC 4-4.5-13th Supplementary Proclamation 3/16 |

<tr>
<td>Iowa</td>
<td>Active, currently scheduled to expire January 8, 2021 per 12/16 announcement</td>
<td>A physician may practice medicine/telemedicine in Iowa without an Iowa medical license on a temporary basis to aid in the emergency, if a physician holds at least one active medical license in another United State jurisdiction, and all medical licenses held by a physician in other United States jurisdictions are in good standing, without restrictions or conditions. A physician whose Iowa medical license lapsed or expired in good standing within five (5) years of the date of the Proclamation may provide medical care and treatment of victims of this public health emergency for the duration of the Proclamation.</td>
</tr>
<tr>
<td>Kansas</td>
<td>Active until 30 days after Kansas State of Emergency, which is currently scheduled to expire January 26, 2021 per EO 20-64. (HB 2016 clarifies that emergency licenses can be granted until January 26, 2021).</td>
<td>Any and all provisions in Kansas law are temporarily suspended, in whole or in part, to the extent necessary to allow healthcare professionals licensed in good standing in any state or territory in the United States to practice in Kansas without criminal, civil, or administrative penalty related to lack of licensure. A license that has been suspended, revoked or with pending disciplinary action is not considered a license in good standing.</td>
</tr>
<tr>
<td>Kentucky</td>
<td>Active, until end of the ongoing Kentucky State of Emergency.</td>
<td>Medical and Osteopathic physicians not already licensed to practice in the Commonwealth of Kentucky may register to practice within Kentucky during the state of emergency declared by Gov. Beshear. Additionally, the law [KY SB 150] ... gives the Kentucky Board of Medical Licensure, the Kentucky Board of Emergency Medical Services, and the Board of Nursing the ability to waive or modify state statutes and regulations: “(a) For licensure or certification requirements for health care providers who are licensed or certified in other states to provide services in Kentucky;... (d) To allow for rapid certification or licensure and recertification or re-licensure of health care providers...</td>
</tr>
<tr>
<td>Louisiana</td>
<td>On March 31, Gov. Edwards signed a proclamation that eases medical licensure laws to make it easier for health care professionals out of state to come to Louisiana to practice during the COVID-19 outbreak.</td>
<td>7(a)(8) insofar as it requires applicants for licensure who are licensed in another state to have verification sent by the state that issued that license directly to the board. This waiver is temporary during the public health emergency and will be effective immediately once the emergency is lifted. Any individual who utilizes the registry may work initially for 90 days (extendable in 30 day increments) or until the public health emergency is over. Once the emergency is over, their license will expire and all existing application procedures must be followed such as taking the appropriate licensure exam and passing a criminal background check. This registry will be open to: Out-of-state healthcare practitioners; Retired healthcare professionals; and Recent graduates of accredited medical, registered nursing, pharmacy, physician assistant, and respiratory care programs.”</td>

[MDs]: Emergency License Application  
[DOs/PAs]: Information and Emergency License Application  
State Resource Page |
| **Maryland** | To respond to the catastrophic health emergency, licensing, certification and credentialing of health care practitioners must be modified to expand the practice capabilities, permissions, and authorizations of those who already hold a Maryland license and those who are licensed in other states; To expand such practice capabilities, permissions, and authorizations, and protect the public health, welfare and safety, it is necessary to suspend certain State and local statutes, rules and regulations... During the state of emergency and catastrophic health emergency, a hospital may need to appoint to its medical staff physicians and other healthcare practitioners to provide services for which the practitioner does not have an appropriate Maryland license... The expiration date of all temporary health care licenses that would otherwise expire during the state of emergency and catastrophic health emergency is hereby extended to the date on which the state of emergency has been terminated...  
Re: prescribing controlled substances – Maryland law requires that licensed healthcare practitioners have a Maryland controlled dangerous substances (CDS) registration in order to prescribe CDS... Federal law also requires that licensed healthcare practitioners have a DEA registration to prescribe CDS... the DEA has waived the requirement in each state in which the practitioner practices for the duration of the PHE... Accordingly, the MDOH interprets the order to allow to out-of-state practitioners to practice in Maryland... to be allowed to prescribe CDS in Maryland without obtaining a Maryland CDS registration.  
Re: renewals - Because renewing expiring permits or licenses often requires the public to enter public buildings and interact with state employees; all licenses, permits, registrations, and other authorizations issued by the state, its agencies or any political subdivision that would expire during the current state of emergency will be extended until the 30th day after the state of emergency is lifted.  
Re: Maryland Medicaid - Maryland Medical Assistance Program (Maryland Medicaid) is temporarily not enforcing the COMAR 10.09.36.02 requirement to “be licensed and legally authorized to practice or deliver services in the state in which the service is provided.” The Program will not suspend any Medicaid providers whose licenses are set to expire until the state of emergency ends. Furthermore, effective March 5, 2020, Maryland Medicaid has reactivated provider licenses with end of February expiration dates that had not been updated in ePREP... Enroll Providers with Expired Licenses or Licenses from Out of State: Maryland Medicaid will not enforce the COMAR 10.09.36.02... |

| New Jersey | - New Jersey will waive a host of regulatory requirements for healthcare professionals licensed in other jurisdictions to become licensed in New Jersey and offer services to New Jersey residents, including telemedicine and telehealth services. The waivers will apply during the public health emergency related to COVID-19.  
- Re: extension of state of emergency – Gov. Phil Murphy [August 27] extended the pandemic public health emergency for the sixth time. Under law, the emergency declaration has to be extended every 30 days. Executive Order No. 180 extends all Executive Orders issued under the Governor’s authority under the Emergency Health Powers Act. It also extends all actions taken by any Executive Branch departments and agencies in response to the Public Health Emergency presented by the COVID-19 outbreak.  
- **Status** – Active, currently scheduled to expire December 22, 2020 per EO 200.                                                                                                                          | [AG Guidance](https://www.nj.gov/)

| Ohio                | Order issued thereafter, which allowed for the practice of a profession in the state of New York without a current New York State licensure, or registration, including but not limited to those individuals who are validly licensed in another state or Canada, is hereby extended for a period of thirty days to allow those professionals the ability to continue to provide services necessary for the State’s COVID-19 response.  
- **Status** – Active, currently scheduled to expire January 1, 2021, per EO 202.79.  
- Dr. Schottenstein [President, Board of Medicine] wished to address the potential need for expanding Ohio’s health care provider workforce... Ohio may find itself needing physicians and physician assistants who are licensed in other states but not licensed in Ohio. With respect to the licensing out-of-state physicians, it was Dr. Schottenstein’s understanding that the Board can work with the State’s Emergency Management Agency (EMA), in a declared emergency, to make out-of-state licensed physicians eligible to practice in Ohio in response to the declared emergency. It was also Dr. Schottenstein’s understanding that out-of-state physician assistants are already covered for this type of reciprocity in Ohio Revised Code 4730.04. Dr. Schottenstein asked the Board to consider a motion allowing Board staff to work with the EMA, or any other governmental entity identified as a necessary party, to quickly license out-of-state physicians to respond to the COVID-19 emergency in Ohio. Motion that the Board authorizes Board staff to work with the State Emergency Management Agency to effectuate Ohio licensure eligibility for out of state doctors who are called upon to respond to the COVID-19 emergency in Ohio carried.  
- **Re:** Emergency Licensure: Ohio does not have a legal mechanism to allow out-of-state licensees to practice in Ohio or to automatically reactivate inactive licensees. Board members were surveyed for opinions and comfort level. In the event the Medical Board is provided the legal authority to allow out-of-state licensees or inactive licensees who reactivate their licenses to practice, the responses showed the board is comfortable with issuing emergency licenses with necessary parameters.  
- **Ohio licensure during the state of emergency** - The Medical Board has received many inquiries regarding temporary licensure during the state emergency. **Please be aware, Ohio law does not currently offer emergency or temporary licensure for out-of-state physicians.** Unless an exemption applies (Ohio Revised Code 4731.36), physicians must hold an active Ohio license to practice medicine in the state of Ohio. | OMB Newsletter (re: No license reciprocity)

| North Carolina      | [Gov. Cooper] hereby temporarily waive[s] North Carolina licensure requirements for health care and behavioral health personnel who are licensed in another state, territory, or the District of Columbia to provide health care services within the Emergency Area.  
- In light of the anticipated duration of the COVID-19 pandemic, NCMB has extended the expiration dates of certain emergency temporary licenses issued during the declared state of emergency. The decision extends the timeline for emergency licenses issued to 30 days after the current state of emergency is lifted. This change will allow anyone with a Limited Emergency License (namely, out-of-state clinicians who have obtained temporary licensure to assist in North Carolina) to have a ‘wind down’ period before his or her license to practice medicine in North Carolina expires.  
- **Status** – Active, expires 30 days after the end of the COVID-19 emergency. | Executive Order 2020-05.1

| Oklahoma | • Re: renewals - Providers with a Medical Board license set to expire between March 9, 2020 and November 30, 2020 were granted an extension because of the COVID-19 emergency. Those licenses will now expire December 1, 2020.  
• Status – Ohio has no waivers for license reciprocity.  
• [Med. Board] - Any medical professional who holds a license, certificate, or other permit issued by any state that is a party to the Emergency Management Compact evidencing the meeting of qualifications for the practice of certain medical services... shall be deemed license to practice in Oklahoma so long as this order is in effect... b) Any medical professional intending to practice in Oklahoma... must receive approval from appropriate Board; c) It is the responsibility of each Board to verify the license status of any applicant... All occupational licenses... shall be extended so long as this Order is in effect. All occupational licenses extended during this Order will expire fourteen days following the termination of this Order.  
• [Osteo. Board] - Item number 6 from the Governor’s Amended Executive Order, 2020-7, allows for the temporary licensing of physicians. The criteria are as follows: 6. Any medical professional who holds a license, certificate, or other permit issued by any state that is a party to the Emergency Management Compact evidencing the meeting of qualifications for the practice of certain medical services... shall first apply with and receive approval from appropriate Board.... responsibility of each Board to verify the license status... shall be subject to the oversight and jurisdiction of the licensing Board  
• Status – Active, scheduled to expire January 13, 2021 per [eighth amended] EO 2020-20. |
| Oregon | • Officials said the declaration will allow the health authority to bring in emergency volunteer healthcare professionals to add service, especially in rural communities.  
• During a state of emergency, the Oregon Medical Board (OMB) allows physicians and physician assistants licensed in another state to provide medical care in Oregon under special provisions. Out-of-state health care professionals who wish to provide care in Oregon during this time must complete this authorization application.  
• The first part of the rule lifts current administrative restrictions from Emeritus and Locum Tenens physicians and physician assistants (PAs). During this emergency, Emeritus licenses are no longer restricted to volunteer practice only, and may receive payment for their medical care; Locum Tenens licenses are no longer limited to 240 days of practice per biennium and may now provide care in Oregon indefinitely. The emergency rule also allows out-of-state physicians and PAs to apply to practice in Oregon if they are actively licensed and in good standing in another state.  
• Re: permanent waivers - The OMB proposed making the above two rules permanent, so that during future national disasters, the process of activating out-of-state physicians and PAs, as well as emeritus, locum tenens, inactive and retired physicians and PAs can be streamlined [OMB Summer 2020 Newsletter, see OAR 847-010-0068]  
• Status - Active, until end of Oregon State of Emergency, currently scheduled to expire March 3, 2021 per 12/17 announcement. |
| Pennsylvania | • Governor Wolf granted the Department of State’s request for a suspension to allow expedited temporary licensure to practitioners in other states to provide services to Pennsylvanians, for the duration of the coronavirus emergency. The Governor suspended several “administrative requirements” in order for the Department to grant temporary licenses on an expedited basis to out-of-state practitioners. After the applicant seeking a temporary license has demonstrated they are licensed by and in good standing with their home state, Bureau of Professional and Occupational Affairs (BPOA) may suspend the requirements for letters of good standing, criminal history record checks, National Practitioner Data Bank reports, and any other requirement deemed by BPOA as “administrative” in nature.  
• Re: Extension of State of Emergency – Gov. Wolf on June 3 renewed the 90-day disaster declaration he originally signed on March 6 following the announcement of the first two presumptive positive cases of COVID-19 in the commonwealth. The declaration was set to expire on June 4. The emergency disaster declaration provides for increased support to state agencies involved in the continued response to the virus and recovery for the state during reopening.  
• Status - Active, until end of Pennsylvania State of Emergency, currently scheduled to expire February 22, 2021 per 11/24 Proclamation. |
<p>| Puerto Rico | • Existing PR law holds that “The Board may grant a provisional license to any physician who legally practices medicine in other state[s] or jurisdiction[s], contingent upon the request by the physician to the Board and on condition that the physician comes to the Commonwealth of Puerto Rico to assist in emergency services during a disaster, as |</p>

| Rhode Island    | • While the Rhode Island Department of Health is accepting out-of-state emergency licensure applications (valid for 90 days, renewable once), it is only for Emergency Medical Technicians, Dieticians/Nutritionists, PNs, RNs, APRNs, nursing assistants and nursing students.  
• Re: renewals - Medical licenses due to expire July 1, 2020, are granted a 90-day extension for renewal with no penalties or late fees.  
• Status – No waivers for out-of-state physicians.                                                                                     | Article Emergency Application                                                              | State Resource Page                     |
| South Carolina  | • South Carolina will issue “emergency” nursing and medical licenses to combat the COVID-19 pandemic... The state medical board can expedite temporary licensure for out-of-state physicians, physician assistants and respiratory care practitioners within 24 hours. There is no fee for these 90-day temporary licenses.  
• Re: renewals - As of today, we are extending the license renewal deadline for licenses, registrations and permits scheduled to renew during the months of April, May, June, July and August. The new renewal deadline will now be extended to September 30, 2020.  
• Status – Active, until end of South Carolina State of Emergency, currently scheduled to expire December 23, 2020 per EO 2020-75. | Med Board Guidance BME Order LLR Guidance Temporary License Application                   | State Resource Page                     |
| South Dakota    | • Pursuant to [S.D. Code], [Gov. Noem] will grant full recognition to the licenses held by a professional by any compact member state, in accordance with the Uniform Emergency Management Assistance Compact (EMAC) should those facilities require additional professionals to meet patient demand during the COVID-19 emergency, whether in-person or by remote means.  
• Emergency Management Assistance Compact - On March 23, 2020, Gov. Noem issued Executive Order 2020-07 which recognizes the licenses of medical professionals licensed in another state in accordance with the EMAC. The following professions licensed in other states have the authority to practice in SD based on an active license in another state. They do not need to gain another license in SD. The Board of Medical and Osteopathic Examiners recommends that if you are utilizing the services of one of the professionals licensed in other states that you verify the licensure status of that individual (License verifications)... Physicians and Surgeons (SDCL 36-4), Physicians Assistants (SDCL 36-4A)...  
• Status – Active, until end of South Dakota State of Emergency, currently scheduled to expire December 30, 2020, per EO 2020-26. | Executive Order 2020-07 SDMOE Guidance                                                   | State Resource Page                     |
| Tennessee       | • The relevant provisions of Tennessee Code Annotated, Titles 63 and 68, and related rules are hereby suspended to the extent necessary to give the Commissioner of Health the discretion to allow a health care professional who is licensed in another state, and who would otherwise be subject to licensing requirements under Title 63 or Title 68, to engage in the practice of such individual's profession in Tennessee, if such individual is a health care professional who is assisting in the medical response to COVID-19.  
• The provisions of Tennessee Code Annotated, Section 68-11-201(20), are hereby suspended to the extent necessary to allow health care professionals who would otherwise be subject to licensing requirements to provide localized treatment of patients in temporary residences.  
• Re: renewals - Rules are hereby suspended to the extent necessary to extend the current expiration dates for health care professionals and facilities to renew their license, certificate, or registration set to expire between March 12, 2020, and the date on which this Order terminates for three (3) months, during which time the holder of each license, certification, or registration may continue to legally operate or practice their profession.  
• Status – Active, currently scheduled to expire December 29, 2020 per EO 67. | Emergency Declaration Emergency License Application                                      | Executive Order #15 [Re: renewal] State Resource Page                                  |
| Texas           | • Gov. Abbott directed the Texas Medical Board (TMB) and the Texas Board of Nursing (TBN) to fast-track the temporary licensing of out-of-state physicians, physician assistants, certain retired physicians, nurses, and other license types.  
• The TMB is allowing out-of-state physicians to obtain a Texas limited emergency license via two options: (1) hospital to hospital credentialing or (2) the issuance of an emergency license based on written verification of a physician licensed in Texas.  
• Re: renewals - For current license holders, the Texas Medical Board (TMB) will automatically extend any medical licenses expired or set to expire between February 28, 2020 and May 31, 2020 until August 31, 2020 and waive any late fees.  
• Status – Active, until end of Texas State of Emergency, currently scheduled to expire January 5, 2021 per 12/6 Proclamation. (Emergency Visiting Practitioner Temporary Permit is valid for no more than thirty (30) days from the date the physician is licensed or authorized by the Department of Justice. The Department of Health shall approve regulations to such effect.” (P.R. <tr>
<td>• A physician who is licensed and lawfully practicing medicine in another U.S. state or territory without restrictions or conditions may practice in Utah for the duration of the declared emergency by obtaining a DOPL Time-limited Emergency License. Time-limited Emergency Licenses expire upon the earlier of 180 days, 30 days from the end of the declared emergency, or upon 10 days’ notice from DOPL. All fees are waived.</td>
<td>• Special provisions for the COVID-19 public health emergency have been passed to facilitate practice in Vermont by healthcare professionals who are not licensed in Vermont. This sets forth information for physicians (MD), physician assistants, and podiatrists. There are two different paths available to be able to practice during the emergency, “deemed” and “emergency”, both are expedited and free. [Note: Out of state practitioners practicing in person can only apply for the emergency license.]</td>
<td>• USVI is party to the Uniform Emergency Volunteer Health Practitioners Act (UEVHPA), which allows state governments, during a declared emergency, to give reciprocity to other states’ licensees so that covered individuals may provide emergency health services without meeting the disaster’s state’s licensing requirements.</td>
</tr>
<tr>
<td>• An individual serving in the U.S. armed forces, the U.S. Public Health Service, the U.S. Department of Veterans Affairs, or other federal agency may practice in Utah as a part of employment with that federal agency if the individual holds a valid license to practice issued by any other state or jurisdiction recognized by the division. No DOPL application or registration is required.</td>
<td>• Those who do not qualify to be deemed licensed may apply for an emergency license. There is no fee for an emergency license and the process to apply involves much less than our normal licensing process. Emergency licenses will be valid for 90 days or the duration of the declared emergency, whichever is shorter, but may be reissued. The groups who would need to get an emergency license (because they cannot be deemed licensed) are: (1) Holders of full licenses in other states who plan to practice in Vermont and who will not limit their practice exclusively to telemedicine or practice on the staff of a licensed facility. To be eligible for an emergency license all licenses held must be in good standing and you must not be subject to professional disciplinary proceedings in any other US jurisdiction (license is not suspended, revoked, or subject to limitations or conditions as result of a disciplinary action, or formal charges issued. Notice only of an investigation is not disqualifying.)</td>
<td>• USVI is party to the Uniform Emergency Volunteer Health Practitioners Act (UEVHPA), which allows state governments, during a declared emergency, to give reciprocity to other states’ licensees so that covered individuals may provide emergency health services without meeting the disaster’s state’s licensing requirements.</td>

<td><strong>Washington</strong></td>
<td>If volunteers are registered in the volunteer health practitioner system and verified to be in good standing in all states where they are licensed, they may practice in Washington without obtaining a Washington license once activated and assigned by DOH... Out-of-state practitioners may: (1) Become volunteers via RCW § 70.15 by registering and completing the Emergency Volunteer Health Practitioners Application; (2) Out of state MDs and DOs that would like an expedited Washington license and to volunteer, may use the Interstate Medical License Compact and become registered under RCW § 70.15. RCW § 70.15.050: “(1) While an emergency declaration is in effect, a volunteer health practitioner, registered with a registration system that complies with RCW 70.15.040 and licensed and in good standing in the state upon which the practitioner's registration is based, may practice in this state to the extent authorized by this chapter as if the practitioner were licensed in this state...” Re: renewals - The language of each statutory and regulatory provision specified below is hereby waived and suspended in its entirety: Barriers to continued and uninterrupted healthcare practice, including continuing education and other training requirements and license renewal deadlines. Re renewals - All licenses due to expire between April and September 2020 have been automatically renewed in response to the COVID – 19 pandemic and renewal fees are not due until October 1, 2020 for those renewals. Status – Active throughout COVID-19 emergency, currently scheduled to expire January 4, 2021, per Proclamation 20-25, per RCW § 70.15.050 “While an emergency declaration is in effect, a volunteer health practitioner, registered with a registration system... and licensed and in good standing in the state upon which the practitioner’s registration is based, may practice in this state to the extent authorized by this chapter as if the practitioner were licensed in this state.”</td>

<tr>
<td><strong>Washington, DC</strong></td>
<td>The District of Columbia is in immediate need of certain out of state healthcare providers to address the above concerns. However, the regular timeline for licensure and credentialing will significantly impede the ability of out of state providers to come to the District of Columbia and provide healthcare services... It is in the best interests of District residents that licensure requirements be waived during the period of this public health emergency to practitioners who are... properly licensed and in good standing in their home jurisdictions... the healthcare provider is only providing healthcare services to individuals at a licensed healthcare facility in the District of Columbia... It shall be the responsibility of any healthcare facility utilizing the services of a temporary agent to verify the credentials and license status to ensure they are in compliance with this Order. Status – Active, currently scheduled to expire December 31, 2020 per Mayor’s Order 2020-103.</td>
<td>Waiver of Licensure Requirements</td>

<tr>
<td><strong>West Virginia</strong></td>
<td>Due to the State of Emergency declared by the Governor, physicians and/or physician assistants licensed in another state or who are inactive or retired from West Virginia practice may provide medical care in West Virginia under special provisions during the period of the declared emergency, subject to such limitations and conditions as the Governor may prescribe. Registrants may practice medicine in West Virginia consistent with their scope of practice and the standard of care, and may practice in person or via telemedicine technologies to West Virginia patients. To register, out of state physicians and physician assistants: (1) must hold a valid, permanent, current, and unrestricted license to practice in another state; (2) must not be the subject of a pending or active complaint, investigation, Consent Order, Board Order or pending disciplinary proceeding in any jurisdiction; and (3) must not have not surrendered a license while under investigation or had a license revoked in any jurisdiction. DOs: To maximize the number of healthcare providers available during the State of Emergency declared by Governor Jim Justice regarding the COVID-19 pandemic, the Board has developed procedures for emergency temporary permits for the following practitioners: (1) Out-of-State Practitioners: DOs and PAs who have no pending complaints, investigations, consent orders, board orders, or pending disciplinary proceedings and who possess valid, unrestricted medical licensure in another state, district, or territory of the United States... Individuals seeking an emergency temporary</td>

### Wisconsin

- **[EO 16]** - Any health care provider with a valid and current license issued by another state may practice under that license and within the scope of that license in Wisconsin without first obtaining a temporary or permanent license from the Department of Safety and Professional Services (DSPS), so long as the following conditions are met: 1. The practice is necessary for an identified health care facility to ensure the continued and safe delivery of health care services; 2. The health care provider is not currently under investigation and does not currently have any restrictions or limitations placed on their license by their credentialing state or any other jurisdiction; 3. The identified health care facility's needs reasonably prevented in-state credentialing in advance of practice; 4. The health care provider practicing under this section must apply for a temporary or permanent health care license within 10 days of first working at a health care facility in reliance on this Section; and 5. The health care facility must notify DSPS... Any temporary license... that has been granted to a health care provider... shall remain valid for 30 days after the conclusion of the declared emergency, including any extensions.

- **[EO 20]** - A health care provider who practices in reliance on Section I of Emergency Order #16 must continue to follow the process described therein, with the following modifications: 3. A health care provider must apply for a temporary or permanent health care license within 30 days of first working at a health care facility... 6. Any temporary license granted under this Order, or any otherwise valid license that expires during the public health emergency, shall remain valid for 30 days after the conclusion of the declared emergency, including any extensions. This 4/3/2020 order is retroactive to include licenses that were current before declaration of the public health emergency on March 12, 2020 in Executive Order #72 but have since expired...

- **Re: renewals** - On April 15, Gov. Evers signed AB 1038, which, among other things, grants healthcare providers a license renewal grace period through the 60th day after the conclusion of the COVID-19 emergency.

- **Re: recision of waivers** – [Em. O 16; 3/27/20] This Order is effective immediately and shall remain in effect for the duration of the public health emergency as declared in Executive Order #72 [3/12/20], including any extensions. On May 11, 2020, EO 72 expired and was replaced by EO 82, which did not adopt EO #16 & #20 and thus an out-of-state practitioner is not able to work in Wisconsin through Interstate Reciprocity.

- **[Wisconsin DSPS Memo]** - The legislature did not extend the public health emergency and it ended May 11, 2020. Therefore, your temporary license will expire on June 10, 2020. This temporary license cannot be renewed.

- **[October 1, 2020 Update]** – [The October 1] order provides for temporary interstate license reciprocity for healthcare providers to work in Wisconsin healthcare facilities, extends licenses that may expire during the federal emergency declaration for 30 days after its conclusion, and makes it easier for healthcare providers with a recently lapsed license to apply for a reinstatement with the Department of Safety and Professional Services (DSPS). **Out-of-state physicians can also practice telemedicine in Wisconsin with proper notification of DSPS.**

- **Status** – Active for the duration of the federal public health emergency declared July 23, 2020, including any renewals, or until a superseding order is issued by either the Governor or the Secretary of the Department of Health Services, per Em. Order #2. Currently scheduled to expire in mid-January ([link]).

### Wyoming

- Physicians and physician assistants not licensed in Wyoming may qualify to work here during the declared public health emergency through the “consultation exemption.” If approved to do so, the physician or physician assistant is considered to be “consulting” with the State Health Officer. The exemption from licensure, if approved, will be valid until the earlier of the end of the Public Health Emergency or the termination by the State Health Officer of the physician’s or physician assistant’s “consultation.” Current, full and unrestricted licensure in at least one U.S. jurisdiction or country is required. The exemption is not automatic, requires approval of the Board of Medicine and the State Health Officer, and does not apply to all physicians and physician assistants.

Emergency Licensure Application
- **New rule from an October 23 BOM meeting:** Provide a process for physicians and physician assistants not licensed in Wyoming to practice in the state under the consultation exemption [Wyo. Stat. Ann. § 33-26-103(a)(iv)] during a declared public health emergency. This includes a “tail period” for the exemption to last 45 days after termination of the public health emergency to ensure continuity of care.
- **Re: renewals** - Due to the current COVID-19 pandemic, the Wyoming Board of Medicine has adopted an emergency rule extending the current license expiration date of its licensees from June 30, 2020, to September 30, 2020.
- **Status – Active** until 45 days after the conclusion of the COVID-19 emergency per [10/23 BOM rule](#).
